### BONNIE BURR CAPTURED AT LAST

Idora Park Is Thronged  
With Searchers When  
Pursuit Ends

Mrs. D. P. Macdonald of  
Oakland Wins The  
Tribune Prize

(BY BONNIE BURR.)  
Well, my dear Oaklanders, at last I  
am captured and words cannot convey to  
you how glad I am. Had the chase lasted  
another day I believe I should have suf-  
fered a nervous collapse.

Now that it is really ended I feel sort  
of dazed and uncomprehending. It seems  
too good to be true. I suppose my lucky  
number is still congratulating herself on  
her good fortune. Her name is Mrs. D.  
P. Macdonald, and she resides at 418  
Twentieth street. Mrs. Macdonald has  
been one of the most active searchers  
since the contest began.

Tonight she will receive THE OAK-  
LAND TRIBUNE'S prize of \$200 in gold.  
It will be paid over in full view of the  
audience at the Idora Park theatre to-  
night, the acts of the splendid vaudeville  
hall which holds the boards this week.

I will ride out on the stage in my big  
oldsmobile and address the audience,  
after which I will present Mrs. Macdon-  
ald to the audience and award her the  
prize. This will be my farewell appear-  
ance in Oakland.

My capture took place at about 10:45,  
not more than twenty feet north from the  
main or office building of the park, after  
I had been on the scene some time.

My greatest difficulty was in effecting  
my entrance. For an hour and a half I  
watched the gateways which were guard-  
ed by many searchers, finally becoming  
discouraged. Scouting around in my Olds-  
mobile for some mode of entrance I dis-  
covered a gate just back of the theater  
which stood slightly ajar, and boldly en-  
tered.

Miss "Billie" Drum, aged 5, the beauti-  
ful little daughter of Mr. Dick Drum,  
local distributor for the Oldsmobile, ac-  
companied me to the park.

INSIDE AT LAST.

We closed the gate behind us, finding  
ourselves in a maze of gigantic scenic  
effects. Billie gave a little cry at a  
prostrate leap of human figures which

### Brother of Prince Is Slain in Battle

LONDON, Aug. 14.—A dispatch to  
the Daily Chronicle from Amsterdam  
says that a brother of Prince Von  
Buelow, former German Imperial  
Chancellor, has been killed in the  
fighting at Liege.

### Military Cyclists Kill Many Germans

BRUSSELS, via London, 5:45 p. m.  
Aug. 14.—In a sortie near Namur yes-  
terday 200 military cyclists after sur-  
rounding 400 Germans killed a large  
number, captured fifty and routed the  
rest.

SPY SUSPECT SHOT.  
LONDON, Ont., Aug. 14.—An un-  
known man, suspected of being a Ger-  
man spy, was shot and, it is believed,  
mortally wounded at Wolsey bur-  
racks.

## NEW CRISIS DEVELOPS WITH PURCHASE OF 2 WARSHIPS BY TURKEY

By Associated Press.

LONDON, Aug. 14, 2:53 p. m.—Great Britain, France and Rus-  
sia have sent a sharp demand to Turkey for the immediate repa-  
triation of the officers and crews of the German cruisers Goeben  
and Breslau.

According to a dispatch from Constantinople to the Exchange  
Telegraph Company, Turkey has paid \$20,000,000 for the German  
cruisers.

### ITALY MAY TAKE HAND.

PARIS, via London, Aug. 14.—A dispatch to the Daily News  
from Rome says:

"Turkey's purchase of the German cruisers, Breslau and Go-  
eben has made an unpleasant impression here. Italy probably will  
demand an explanation as to the full use of these ships, and also  
warn Turkey that she will not allow the equilibrium of the lower  
Mediterranean to be threatened, as Italy is determined to pre-  
vent complications."

### TO BRING TURKEY TO TERMS.

PARIS, Aug. 14, 5:25 a. m.—The allied governments opposed  
to Germany and Austria-Hungary have agreed to bring Turkey  
to a realization of its obligations as a neutral power in connec-

## HALF OF PASSENGERS AND CREW OF STEAMSHIP BARON GAUTSCH MEET SUDDEN DEATH

By Associated Press.

LONDON, Aug. 14, 5 p. m.—About 150 of the passengers and crew  
of the Austrian Lloyd steamer Baron Gautsch were killed or drowned  
when the vessel was blown up today by a mine off the Island of Lusin,  
on the Dalmatian coast, according to a Reuter dispatch from Trieste. She  
carried about 300 passengers and crew, of whom 150 were rescued.

### HARBOR GUNS TO GREET WARSHIPS.

VANCOUVER, B. C., Aug. 14.—With the German cruisers Leipsig  
and Nurnberg racing northward, the mounting of powerful coast de-  
fense guns to guard approaches to Victoria and Vancouver has been  
completed. The defenses are believed to be adequate to protect the  
cities in case of an attack by the cruisers.

The naval authorities at Esquimalt gave out word that the little  
sloop of war Algerine is now safe from capture, but it was requested  
that nothing be published regarding the movements of Canadian and  
British warships.

British Columbia people believe that a Japanese warship which  
left Japan more than a week ago under sealed orders will turn up on  
this coast tomorrow or Sunday, putting another aspect on the expected  
visit of the Leipsig and Nurnberg. The source of this report is not  
given.

### WARSHIP OFF PT. REYES.

SAN FRANCISCO, Aug. 14.—An unknown man o'war with three  
funnels was seen steaming slowly southward off Point Reyes shortly  
after noon. She is supposed to be either the German cruiser Leipsig or  
the Nurnberg.

### FRENCH TROOPS ENTER BELGIUM.

PARIS, 3:15 p. m., Aug. 14.—An official announcement says that  
a large number of French troops have entered Belgium and are pro-  
ceeding from Charleroi to Gembloux, ten miles to the northwest of  
Namur.

### SEES SEVEN SUNKEN WARSHIPS.

LONDON, Aug. 14.—A dispatch to the Chronicle from West  
Hartlepool says that the captain of the Danish steamer Huld-  
maersk declares that he passed seven sunken German ships fif-  
teen miles off Spurnhead at the northeast entrance of the Hum-  
ber. Only the masts of the vessels were visible above the water,  
but the captain believes they were German men-of-war.

The Hongkong correspondent of the Exchange Telegraph Com-  
pany says it is reported there that the British fleet in the Far  
East has cornered the German Far Eastern squadron. Weight is  
lent the report, the correspondent adds, by the fact that shipping  
along the coast is resuming its normal basis.

### TORPEDO BOATS SINK DREADNAUGHTS.

NEW YORK, Aug. 14.—The "Staats Zeitung" this morning  
published a report that four British dreadnaughts and six cruisers  
have been sunk in the Humber on the east coast of England as a  
result of an attack on the British fleet by sixty German torpedo  
boats.

### GERMAN INFANTRY ADVANCES.

TIRLEMONT, Belgium, Aug. 14, via London, 5:45 p. m.—The  
German advance became more pronounced and general today.  
Their infantry is advancing in the direction of Tongres and St.

## Oakland Woman Ends Chase For Mysterious Bonnie Burr

MISS BONNIE BURR, who has kept countless thousands in a tur-  
moil ever since her arrival in OAKLAND by a contest of skill, in which  
THE TRIBUNE offered a reward of \$200 in GOLD to any man or wo-  
man who could effect her capture, was apprehended at about 10:45  
o'clock LAST NIGHT at IDORA PARK, when she was for the first time  
properly saluted by Mrs. D. P. Macdonald of 418 Twentieth street,  
OAKLAND.

The reward for the capture of the mysterious MISS BONNIE BURR  
will be paid to the lucky captor by the mysterious one herself at THE  
ORPHEUM THEATRE TONIGHT, where the elusive one will be intro-  
duced from the STAGE by MR. W. W. CHIBBINS, the Republican can-  
didate for assemblyman of the thirty-sixth district, between the acts of  
the HIGH-CLASS vaudeville bill and where she will introduce her  
captor and relate her experiences during her stay in OAKLAND.

CLEVER GAME OF HIDE AND SEEK OVER.

# BRITISH SQUADRON TO ATTACK ENTIRE AUSTRIAN FLEET

## MANY FRENCH SHIPS IN MEDITERRANEAN

(Continued From Page One)

Trond, and another attack is expected in the direction of Diest and Aerschot, to the northwest of Brussels, by several army corps. The German troops are marching on a front stretching from St. Trond to Hasselt. Their cavalry occupies a position to the right of Hasselt. Formidable defensive works have been erected by the Belgians around Namur. To obviate any pretext for reprisals on the part of the Germans all the inhabitants of Namur are being disarmed.

### SUSPEND BOMBARDMENT.

BRUSSELS, via London, Aug. 14, 5:15 p. m.—The Germans today suspended the bombardment of the Liege forts on the right bank of the river and concentrated all their efforts on those to the west of the town. The forts attacked were Pontisse, Lantin, Liers, Loncin, Hollogne and Flemalle, an especially severe attack being made on Pontisse.

### DAMAGED SHIPS BEAR WOUNDED.

SHANGHAI, Aug. 14.—The identity of the two warships, each having four funnels badly damaged and carrying many wounded, which entered the harbor at Hongkong is still undisclosed.

However, it is believed they are either the British armored cruisers Duplex and Montcalm. They are reported to have had an engagement with the German cruisers of the same type, Scharnhorst and Gneisenau.

A dispatch from Hongkong received by the Exchange Telegraph Company in London last night said it was reported in Hongkong that the British fleet in the Far East had cornered the German Far Eastern Squadron. The correspondent added that weight was given to the report by the fact that shipping along the coast was being resumed on a normal basis.

The British cruiser Minotaur has a displacement of 14,000 tons and was completed in 1908. She carries four 9.2-inch guns and smaller armament. The Hampshire's tonnage is 10,850 and her four largest guns are 4.7 each. The Duplex and Montcalm are of 7578 and 9367 tons, respectively. Each carries eight 8.4 guns and smaller ones.

The German cruisers Scharnhorst and Gneisenau are sister ships, displacing 11,420 tons. They were launched in 1906 and carries eight 8.2 guns and the cruiser equipment of smaller guns.

### TO FIGHT AUSTRIAN FLEET.

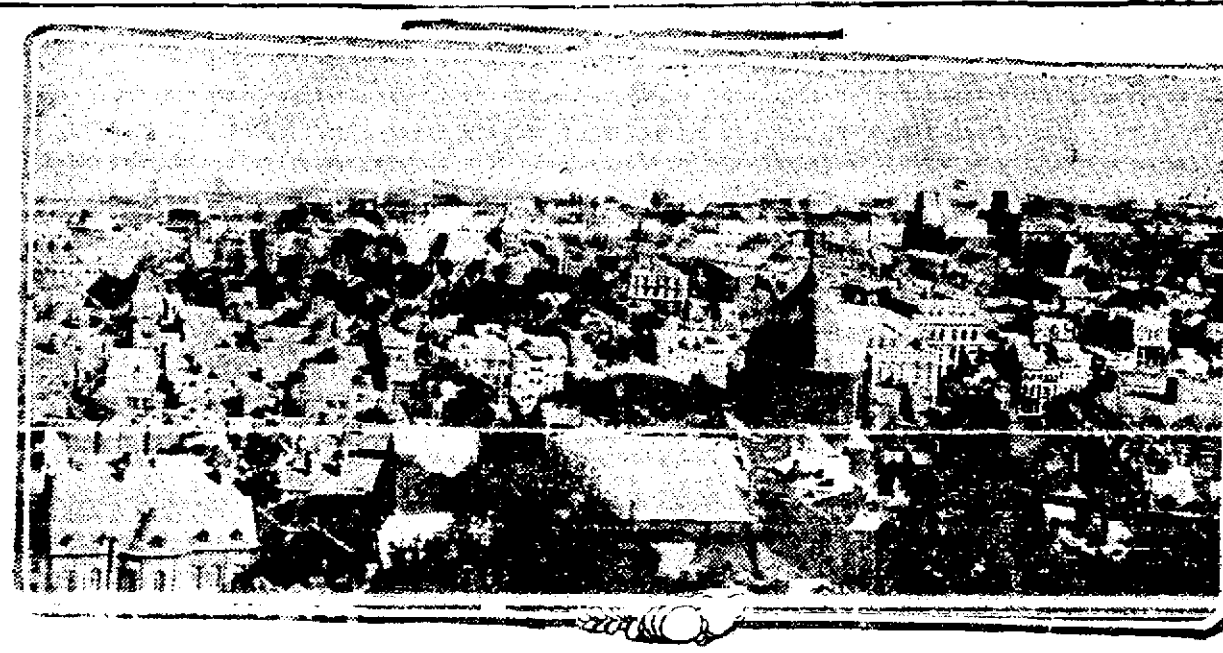

LONDON, Aug. 14.—The British Admiralty has sent instructions to the British commander of the Mediterranean squadron to engage the Austrian fleet. The Austrian fleet includes four dreadnaughts, twelve pre-dreadnaughts and twelve cruisers. England and France have determined to destroy it.

The exact strength of the English Mediterranean fleet is a secret. France has almost entire fleet in the Mediterranean. The Turkish purchase of the German cruisers Goeben and Breslau removes their co-operation.

### NEW ENGAGEMENT FOUGHT.

PARIS, Aug. 14.—A telegram from Brussels to the Havas Agency says a fresh engagement between Germans and Belgians occurred yesterday between 5 and 6 o'clock in the evening at Geet-Betz, five miles south of Haalen. The Belgian troops fired heavily on a detachment of 400 Germans, who retired hastily.

## MILLIONS ARE MOBILIZED BY RUSSIA

By Associated Press.

LONDON, Aug. 14.—A dispatch to the Central News from Rome says that according to reliable information from St. Petersburg, Russia has mobilized two million men on the German and Austrian frontiers, half a million on the Turkish and Roumanian frontiers, while three million are held in reserve.

The St. Petersburg correspondent of the Exchange Telegraph Company, telegraphs that an official dispatch states that the Russians, after a sharp encounter drove back the First and Twenty-first German army corps, which were endeavoring to occupy Eydkubnen.

A dispatch to the Telegraph from Athens says: "The Russian legation declares the concentration of the Prussian forces on the Galician frontier has been completed and an offensive movement is imminent. This movement will coincide with the action of the Serbian army on the Danube."

### Railroad Telegraphers Ordered out on Strike

HOUSTON, Texas, Aug. 14.—A strike order of all telegraphers in the service in the Sunset Central and Southern Pacific systems from New Orleans to Portland, Oregon, and Ogdun, Utah, was ordered today by John E. Corwell, general chairman of the Order of Railway Telegraphers. Among many demands the most important one is for an increase of 12 1/2 per cent in wages.

### Lands U. S. Marines to Quell Outbreak

WASHINGTON, Aug. 14.—Because of a threatened "political disturbance" at Bluefields, Nicaragua, Commander Twining of the gunboat Tacoma, landed 50 United States Marines today at the request of the American Consul and with the consent of the Nicaraguan governor.

### PAUL STEINDORFF WILL ARRIVE HERE TOMORROW

Paul Steindorff, director of the Oakland Park Band, has sent a telegram to Henry F. Vogt, manager of the band and secretary of the Board of Park Directors, announcing that he will arrive in this city tomorrow morning and will conduct next Sunday's concert in Lakeside Park.

For two months Steindorff has been touring Europe. He has purchased the latest musical compositions for the Oakland band. Owing to the outbreak of the general European war, it was feared for a time that he would be forcibly detained in Germany. But he had sailed before the actual outbreak of hostilities.

That he is glad to be returning to Oakland is indicated in the following message to Vogt:

"Band Manager Vogt, City Hall Annex, Oakland. Am speeding to God's own country. Will be Sunday rehearsal as promised. Shall arrive Saturday morning.—Steindorff."

### FILE PETITION FOR CULVERT APPROPRIATION

Petition was filed with the city council today for the inclusion in the annual budget of an appropriation to defray half the expense of a concrete culvert to be constructed across Sausal creek at Thirty-first street. The petitioners stipulated that an agreement shall first be entered into by which the City of Oakland shall pay the other half of the cost, and shall agree to improve the street.

By opening Thirty-first avenue a direct route would be provided to the Western Pacific and Southern Pacific stations, which is greatly desired. The petition is signed by twelve property owners, who also ask that East Twelfth street be opened and agree to obtain the dedication of a right-of-way through the Derby estate.

**WIDOWS WILL PROBATE.**  
The will of the late Alice M. Du Bois, widow of the late Guy A. Du Bois, former proprietor of the Byron Jackson iron works, was admitted to probate today without opposition from the heirs. Mrs. Du Bois died in Berkeley several weeks ago and left a will drawn 24 hours before her death. Her sister was appointed administratrix.

**DEMOCRATS WILL MEET.**  
Democracy will reign supreme at Plymouth Center this evening, when the

dressers. The speakers will be introduced by H. W. Frank of Berkeley. They are Hiram Lattrell, T. H. Miller, Mrs. M. W. Davidson, Miss Blanche Morse, Charles King, Sidney Van Wyck, Thomas Hayden of San Francisco will represent James D. Phelan and Wm. J. Hayes will speak for Thomas F. Griffin of Modesto.

## MAYOR URGES DIGNITY HERE WHILE EUROPEANS BATTLE

To the People of Oakland:

Under the stress of conditions in Europe it seems fitting at this time to invite the attention of our people to the need of serious endeavor to maintain a dignified attitude in our relations to each other concerning the international conflict.

The United States is fortunate in its position. Here have we gathered under the flag of a real freedom the peoples of the earth. They have become first of all Americans, though a love for their native land may well be asserted. It is not only our duty to recognize this sentiment, but it must be our effort to help in every possible way to prevent any feeling of animosity to be aroused among us.

Let our citizens be particularly careful not to stir discussion nor discussions in public places. Let all of our actions be prompted by the strongest desire for peace, in that there be no unseemly demonstrations. Let us bear in mind that we are a neutral nation and that nothing should be done to disturb that condition within our borders.

Forbearance and reason will prove helpful to all of us in this case and I urge all of our people to use their best efforts to maintain order.

FRANK K. MOTT.

Mayor of the City of Oakland.

## WAR BULLETINS

By Associated Press.

ST. PETERSBURG, Aug. 14.—Seventy-three German and twelve Austrian steamships have been seized by Russia.

LONDON, Aug. 14.—The Prince of Wales relief fund for the distressed families of British soldiers and sailors today reached a total of \$5,000,000.

VIENNA, via London, Aug. 14.—Austro-Hungarian moratorium affecting private debts was extended today by headquarters to September 30.

HALIFAX, Aug. 14.—The Cunard liner Mauretania, which put in here about a week ago to avoid capture, sailed today for a destination which was not announced.

NEW YORK, Aug. 14.—Greece has suspended the use of wireless telegraphy by ships in her territorial waters, according to an announcement made today by the Commercial Cable Company.

MONTREAL, Aug. 14.—The Austrian steamer Ida, 4700 tons, which sailed from Trieste and Naples before war was declared, reached here last night and was taken over by the marine department at Quebec today as a war prize.

MONTREAL, Aug. 14.—The consulate of Austria-Hungary, which has remained open here notwithstanding the war declaration between Great Britain and Austria-Hungary, was ordered closed today by the Dominion authorities.

PARIS, 1:55 p. m., Aug. 14.—The Havas Agency announces that Field Marshal Sir John French, the commander-in-chief of the English field army, joined General Joseph Joffre, the French commander-in-chief, at headquarters today. The locality is not mentioned.

LONDON, Ontario, Aug. 14.—An attempt was made early today to burn the store belonging to the Canadian Ordnance Corps near the Wolsey Barracks, and Private Allen of the corps, who discovered the place, was shot through the left hand by the incendiary.

PARIS, Aug. 14, 10:32 a. m.—An official report issued here today says: "No development of striking importance took place in the theater of operations yesterday. There were, however, several skirmishes between German and French patriots and encountered by French troops, notably at Chambray in German Lorraine, where two companies of the Eighteenth Bavarian infantry regiment were surprised by the French troops and driven off, leaving numerous dead and wounded on the field."

PORT ARTHUR, Ontario, Aug. 14.—The Canadian government wireless station near here was wrecked early this morning. When the crash of cables and supports was heard the staff fled the station and in an adjoining building rushed out, but shots fired by two men, running from the station halted them. The damage was serious, but a large staff, supported by a military repair corps, immediately began rushing repair work on the station.

### GERMAN AMERICANS MUST PROVE NATURALIZATION

LONDON, Aug. 11 (1:57 a. m.).—The American embassy here today established the ruling that all German-Americans residing in the British Isles who apply for American passports must prove their naturalization as American citizens or register with the police as German subjects. This ruling is in accordance with a regulation issued by the police.

The American consul at Turin, Italy, reports that Americans in Budapest, Hungary, are well provided for.

### RADIOS IN BAY ARE SEALED BY NAVY

Strict warning to all private and amateur wireless operators was the condition of their licenses will follow the slightest violation of the neutrality proclamation issued by Rear Admiral Pond, commandant of the San Francisco station. He acted on orders from Secretary of the Navy Daniels.

## ALLIES TO BRING TURKEY TO TERMS

(Continued From Page One)

tion with her purchase from Germany of the cruisers Goeben and Breslau.

### WILL DETERMINE ATTITUDE.

LONDON, Aug. 14, 6:20 a. m.—A dispatch to the Exchange Telegraph Company from Athens says King Constantine at the suggestion of the Premier and Minister of War, E. Venizelos, has called a conference of all former premiers and party leaders to determine the attitude of Greece in the face of Turkey's purchase of the cruisers Goeben and Breslau from Germany.

Reuter News Agency dispatch from Paris says advices received here from the Dardanelles declare that, contrary to the statement of the Turkish government, the German flag has not been lowered on the German cruisers Goeben and Breslau, nor have their crews been landed since their arrival in Turkish waters.

It is reported that the two cruisers were met by a Turkish vessel outside and escorted into the Dardanelles. There is no official confirmation of the actual purchase of the cruisers by Turkey, but the report to that effect is generally credited.

### ANXIETY AT LONDON.

LONDON, Aug. 14.—Considerable anxiety is felt here in connection with the reported purchase by Turkey of the German cruisers Goeben and Breslau, as it is feared the acquisition of those two vessels may make Turkey uncompromising on the subject of the disposition of the Aegean islands.

### FEAR GRAVE RESULTS.

ROME, via Paris, Aug. 14.—The news that Turkey had purchased the German cruisers Goeben and Breslau reached here only last night. This new development in the war was discussed with interest in political circles where it was held that it was fraught with the possibility of grave results. It was stated in semi-official quarters that the vessels would become a strong weapon in the hands of Turkey if Constantinople abandoned its attitude of neutrality. The belief was expressed that the purchase precludes a new position on the part of Turkey and in favor of Germany and Austria-Hungary, which is especially important as bearing on the interests of the Balkan states.

The Tribune says that the preparations made at Messina for a "noble death" by the officers of the German cruisers, who before sailing from that port made their wills, left the public "unprepared for this farce."

"The impossibility of escape from the Anglo-French fleet, if they followed their original idea of molesting the transports moving French African troops, the German cruisers sought refuge in the Aegean, where, with the complicity of Turkey, which continues to make love to Germany, they might paralyze British commerce in the Mediterranean and interrupt traffic within."

"But closely pursued they had no alternative to taking refuge in the Dardanelles and disarming. Instead Turkey purchased them. This is not considered permissible according to law of the nations. During the Russo-Japanese conflict many Russian ships entered Chinese and American neutral ports, but they were disarmed and there awaited the end of the war."

### HELD UP IN ENGLAND, CLAIMS NATURALIZATION

SAN FRANCISCO, Aug. 14.—Edward Horn, a German at present in Hull, England, is evidently very anxious to return to the United States and to claim the rights of an American citizen.

LONDON, Aug. 14.—The British Admiralty today gave the assurance that the ocean routes are well protected and a guarantee of the quick resumption of the Atlantic passenger service. Several steamships which previously had been provisionally requisitioned for governmental purposes have now had their sailing dates fixed. The Olympic is to depart August 19, the Mauretania August 29 and the Lusitania September 2.

## CITIZENS WARNED AGAINST ACTS OF UNNEUTRALITY

The action of the San Francisco Examiner in sending out a tug, furnishing papers containing information of the whereabouts and movements of belligerent men-of-war and conveying the German Consul to the German Consulate on the high seas of this port, is considered unneutral service and a violation of the President's proclamation of neutrality, which provides as follows:

"And I do further declare and proclaim that the statutes and the treaties of the United States and the law of nations alike require that no person, within the territory or the jurisdiction of the United States, shall take part, directly or indirectly, in said wars, but shall remain at peace with all the said belligerents and shall maintain strict and impartial neutrality."

The newspapers and all persons are warned that acts of this character will be done at the peril of the persons or organization taking part in them.

CHAS. F. POND,  
Rear Admiral U. S. Navy,  
Supervisor Twelfth Naval District,  
August 13, 1914.

## COUNCIL PASSES W. P. ORDINANCE

Company Retains Half of Pier Space; Rest Reverts Conditionally.

The ordinance confirming to the Western Pacific railroad its franchise to the southern half of the original 1800 feet of waterfront granted by the City of Oakland in 1905, was given final passage by the city commissioners today, and became immediately operative. The ordinance provides that the city shall have the right to declare the other half forfeited at any time, through non-performance of the improvement work specified in the franchise.

The title to the entire strip shall be retained by the corporation, if at any time the company announce that it will complete all the work specified in the original contract and the city agree. The ordinance passed today fully protects the interests of the municipality. It was drawn by Assistant City Attorney Charles A. Pearlsley, and met with the approval of the corporation.

# GERMANS PLAN BATTLE

## BELGIANS READY FOR MOVEMENT

By Associated Press.

LONDON, 3:55 p. m., Aug. 14.—A dispatch from Brussels to Rueter's Agency says the following official announcement was issued at noon today:

"The Germans are planning a new movement against us, but all dispositions have been made to repel it like the preceding ones.

"Reports show that the situation continues favorable to us and our allies, while the news from Lorraine is highly favorable to the French.

"The general staff has heard nothing of the reduction of the forts of Liege. Rumors to that effect, therefore are false."

### NO IMPORTANT FIGHTING.

BRUSSELS, via London, 1:25 p. m., Aug. 14.—No movements of importance have taken place since Wednesday's serious engagement between the German and Belgian troops, according to an official announcement here today. The communication adds: "The situation of the Belgian forces remains favorable."

### FORTS HAVEN'T CAPITULATED.

BRUSSELS, via Paris, Aug. 14, 1:55 p. m.—It was officially announced here today that none of the Liege forts had capitulated, as had been stated in German reports. It was declared that the defenders had been instructed to blow up the forts rather than surrender.

A rumor that an attempt had been made on the life of King Albert was based on a slight accident to the royal automobile.

Technical observers of the military operations of the last two days declare their opinion is confirmed that the German army is seeking to reach the French border through the southern part of the Belgian province of Brabant, crossing that section where the plain of Waterloo is situated and forcing the Belgian army to retreat on Antwerp.

Prince William of Lippe, who fell at Liege, is reported to have had in his pocket more than 1,000,000 marks in German bank notes.

### HOLD POSITION FIVE DAYS.

LONDON, Aug. 14.—9:45 a. m.—The Paris correspondent of the Exchange Telegraph company telegraphs an official statement issued by the minister of war at the French capital at midnight. Referring to the fight in the Vosges Mountains, he says:

"The French troops held their positions on the mountains for five days, despite vigorous attacks of the Germans, who were superior in number. At one point the Germans brought their heaviest troops and some formations of reserves, but the latter were unable to resist the French attack and were obliged to lay down their arms. The entire division surrendered. The French troops held the valley of the Bruche."

The Havas version of the official statement issued by the French minister of war in Paris at midnight in reference to the fight on the Vosges Mountains between the French and German troops differs in some respects from that given by the Exchange Telegraph company. It says:

"An entire section, and not a division of the German troops surrendered with their machine guns."

### SPIES SHOT.

In the course of recent operations a number of spies have been court-martialed and shot, including the mayor and postmaster of Thann in Lower Alsace.

Two French battalions which had seized the village of Lagarde in German Lorraine after Avricourt were disordered by a superior force of German troops and driven back to Xures, in the Department of Meurthe-et-Moselle on the road to the Fort of Lunéville.

The Belgians in the operations around Liege took more than 2000 German prisoners and in consequence of its restricted territory the Belgian government has asked France to arrange for their confinement elsewhere.

"At various points along the French frontier the French have taken more than 1500 prisoners."

### HARD-FOUGHT BATTLE.

A dispatch from Rome to Reuters Agency says that a battle near Eghezee, north of Namur, which occurred yesterday at Noville-Tavers and Eghezee, about nine miles north of Namur, on Wednesday and Thursday.

The Germans, according to the dispatch, were mostly cavalrymen. They were surprised by the Belgians and sustained severe casualties. Eventually they fell back hurriedly on Huy, between Namur and Liege.

The dispatch adds that three German aeroplanes flying over Diest were brought down by the Belgian artillery. Two of the aviators were killed by being dashed to earth and the third was severely injured.

The official press bureau of the British War Office and Admiralty today issued news of a French success in the Vosges mountains, Alsace, in the following words:

"After a successful resistance lasting five days at the passes of Sainte Marie Aux Mines and Le Bonhomme, the French troops have occupied the region of the Saale Pass, which commands the valley of the Bruche, an affluent of the Rhine.

"At Saale Nux desertions of German troops are noted."

The French have taken many prisoners and captured some machine guns."

### GERMAN CASUALTIES HEAVY.

BRUSSELS, via Paris, Aug. 14.—German casualties in the engagement at Haelen Wednesday were 3000 dead and wounded. The Germans apparently sacrificed their men without scruples. During the fight the Germans were obliged to pass two bridges over the Gethe and Velpe rivers, where they were exposed to a heavy fire.

The retreating Germans left a trail of dead and wounded at these bridges. The same carnage occurred on the road from Throck to Haelen, where the German cavalry, exposed to the Gatling guns of the Belgians, fell in droves.

The German infantry and cavalry had a similar reception near Colfais kin.

The success of the Belgian army is considered particularly important here as most of the Belgian troops participating had not been under fire before.

The Belgian casualties at Haelen were light in dead as the troops were well entrenched, but many were wounded. The situation, which was somewhat critical Tuesday morning when the German patrols had arrived close to Brussels, was held to be

## AT FRONT TODAY

Evidences of a sharp sea fight in Chinese waters were brought to Hong-kong yesterday when two battered warships, either French or British, arrived there with many wounded. The telegram, apparently censored, did not identify the warships, but said they were reported to be in action with German cruisers Scharnhorst and Gneisenau.

A London report says the captain of a Danish steamer declares he passed seven sunken German ships on the east coast of England. He could not identify them, but believed they were warships.

The reported purchase of the German cruisers Goeben and Breslau by Turkey has been made occasion for action by the British, French, Belgian and Russian allies, which are calling Turkey's attention to her duty as a neutral.

chase of the two cruisers, which she could not win, and the equilibrium of power in the Levant.

Russia is reported from St. Petersburg to have mobilized 5,500,000 men, 2,000,000 of whom are on the German and Austrian frontiers.

Today all is reported quiet along the front, according to official statements from France and Belgium.

Belgium accounts of yesterday's cavalry encounter, known as the battle of Haelen, give the total German casualties as high as 3000 killed and wounded. No German report of the engagement has been received.

The Belgian staff believes the German movement at Haelen was an attempt to reach Brussels, which today is stated to be "no longer in danger."

French official reports say the Belgians captured 2000 German prisoners at Liege and the French have taken 1500 along the frontier. The Belgian government has requested France to provide places of internment, owing to lack of room in Belgium.

Aviators are taking a very prominent part in scouting for the armies in the field and are suffering severely, according to reports.

Belgian authorities report the destruction of three German aeroplanes and the death of two of their pilots, while French reports recount the narrow escape of a French aerial scout from German flying machines which hunted him.

WARNED TO REGISTER SHARES IN OWN NAMES

LONDON, Aug. 14 (4:50 p. m.)—The British board of trade issued a warning today to holders of shares in American railroad companies and in the Canadian Pacific Company carefully to examine their certificates and if the registered holder is a German or an Austrian company, immediately to take steps to secure the registration of their own names.

be shot. They were allowed to stay in a safe.

Tired of waiting they asked an officer if they might not go on to Tirlemont.

"Yes," he said, "if you are not afraid of bullets, because you will march in front."

HEAR CANNONS ROAR.

They decided to remain, as the lesser evil, and sat all night trembling in a back room, listening to the German cavalry and artillery rattling and rumbling past.

"Fifty thousand must have gone through," said the correspondent.

Towards 1 o'clock in the morning cannon began to roar: the Germans were attacking Orsmet. The fighting lasted for hours and after dawn we learned that the Germans had lost 1500 killed and wounded.

At 5 o'clock all seemed quiet and we ventured out. We found the Germans had gone. A storekeeper told us that the German officers had bought a new paying liberally. They seemed loaded with gold.

On leaving they said that before the end of the week more than 2,000,000 Germans would pass through London.

AVIATOR THROWS BOMB.

PARIS, Aug. 14.—It is officially announced that a German aviator, whose machine carried the French flag, threw a bomb upon the railway station at Vesoul, capital of the department of Haute-Saone, and two others in the town of Lure, fifteen miles northeast of Vesoul, but without particular damage being done. The aviator is said to have been put to flight by fusillades from sentinels.

It is officially announced that a number of German spies are operating among the French troops in Alsace. The postmaster and mayor of Thann, a town twelve miles northwest of Mulhouse, were detected in the act of spying and shot.

The war office states that in the operations at Liege the Belgians captured 2000 prisoners, while the French on the frontier took more than 1500 prisoners.

FRENCH ARTILLERY SUPERIOR.

LONDON, Aug. 14.—The French embassy has received the following official communication from the ministry of foreign affairs at Paris: "At no point notwithstanding repeated efforts, have the Germans been able to break the French line of defense. In outpost fighting the superiority of the French artillery continues to assert itself."

Hot, Sleepless Night's

Sure Signs That Your Nerves need the Help of Warner's Safe Nerve.

Most doctors hesitate to prescribe medicine to produce sleep from the habit forming drugs taking effect. That is why a remedy noted for its harmlessness should always be employed. Sleeplessness or insomnia is caused by disordered nerves, and thus restlessness in turn produces "the blues," despondency, fretting, worry, impatience and excitability. As soon as any of these symptoms appear Warner's Safe Nerve should be taken according to directions. It is perfectly harmless. To any one who suffers from loss of sleep, headache and nervous prostration, or over-indulgence, Warner's Safe Nerve is recommended as a medicine of proven merit. Get it at your druggist, or a free sample will be sent if you write Warner's Safe Remedies Co., Dept. 363, Rochester, N. Y.

## INTEREST CENTERS IN TENNIS ROUND

Major Importance Attached to Today's Game in Davis Cup Matches.

NEW YORK, Aug. 14.—The even standing of the Australasian challengers and the American team in the Davis Cup tennis matches for the world's championship is the major importance of the results of the doubles round to be played today on the courts of the West Side Tennis Club at Forest Hills, L. I.

It was officially announced after yesterday's matches that Maurice E. McLoughlin and Thos. C. Bundy would represent America in the doubles against Anthony F. Wilding and Norman E. Brookes of the Australasian challenging team.

In announcing the selection of Bundy, the American cup committee stated that provision had been made for either the challengers or the defenders to change the personnel of their team.

Brookes and Wilding won the first set, defeating McLoughlin and Bundy by six games to three.

Brookes and Wilding won the second set, defeating McLoughlin and Bundy, nine games to seven.

FILES SECOND DIVORCE SUIT IN ELEVEN MONTHS

Within eleven months to a day Mrs. Annie J. Brain has filed two divorce suits against her husband, William Brain, alleging cruelty. The couple reside at 682 Alleen street. They were married in September, 1905. The first divorce was commenced on September 11 last and on August 11 Mrs. Brain brought her second action. In her first complaint Mrs. Brain alleged that her husband had struck her with a towel after she had taken part in the Admission Day parade on September 5. After the first suit the couple patched up their differences.

## SUGGESTS STEPS TO CHECK UNREST

Head of Employers' Federation Testifies Before Industrial Relations Commission.

SEATTLE, Wash., Aug. 14.—Regulations of "yellow journals," election of businessmen to legislatures and removal of judges from politics, were three steps suggested to the Federal Industrial Relations Commission today by J. Bruce Gibson of Everett, Wash., as means for checking social unrest.

Mr. Gibson is president of the Federation of Employers' associations of the Pacific Coast.

To illustrate the kind of articles which he would have tarred from publications, Mr. Gibson read a contribution to a Washington socialist publication. It advised readers that a revolution impended and told where high power rifles could be obtained. Mr. Gibson also declared that cartoonists who stir up strife should be suppressed.

Such suggestions mark a serious declaration.

NEW YORK, Aug. 14.—J. P. Morgan & Co. announced this afternoon that they had not been requested by the French government to negotiate a loan here, but had been approached on the subject by private interests and that they would not care to entertain the matter should there be the slightest doubt on the part of the State Department on the propriety of negotiating such a loan.

J. V. Patterson, a Seattle ship builder, told the commission he thought the American Federation of Labor should have a "house cleaning" and repudiate Samuel Gompers.

# WAR PROBLEMS BEFORE THE PRESIDENT

## WILSON HOLDS IMPORTANT COUNCIL

Question Involving Neutrality of United States Before Washington Officials.

WASHINGTON, Aug. 14.—Two important problems, involving the neutrality of the United States, were before President Wilson and his advisers for final action at today's cabinet meeting. One was a plan to apply to all cable offices in the United States the same censorship which recently was placed on radio stations to prevent neutral territory from being used as a base for the transmission of military or naval information to the warring European nations. The other problem involved the granting of permission to cable news to the countries involved in the European war.

While President Wilson and Secretary Bryan had previously decided that an impartial enforcement of neutrality would require censoring cables as well as wireless, yet injection of a new phase, postponed final decision until today. This is the comparative ease with which Great Britain could evade the censor as cable office in the United States by telegraph, mail or messenger to Canada for transmission through Canadian cables at Halifax, Nova Scotia.

While the German government has protested to the State Department against unrestricted use of the cable, although German owned wireless companies and other stations are unable to send cable messages, yet it is said to be the wish of that government and the commercial companies concerned that all forms of censorship in the United States on either cable or wireless be eliminated. It has been suggested by the German government against any attempt to control the German wireless stations at Bayville, L. I. and Tuckerton, N. J., and by the Marconi company at its stations. They contend that under Article VIII of the Hague convention the United States would not be warranted in interfering with their business through a censorship. Administration officials are satisfied that the government is entirely within its rights in adopting any measure necessary to preserve its announced attitude of strict impartiality in the present war.

The cabinet meeting of the administration's decision was to be conveyed to the German Charge d'Affaires. The loan question was up on an inquiry through the State Department by J. P. Morgan & Company as to whether the United States would loan several million dollars for the concern to finance a violation of neutrality.

## KAISER PROTECTS PEACE DELEGATES

He and German Duchess Give Churchmen Safe Conduct Through Germany

ST. LOUIS, Mo., Aug. 14.—How the Emperor of Germany halted his preparations for war long enough to give protection to peace delegates passing through Germany from the church peace conference at Constantine, Switzerland, is told in dispatches received here from New York last night.

Rev. W. C. Bitting of St. Louis, and Bishop E. R. Hendrix of Kansas City, were among the American delegates in the peace conference at Constantine, Switzerland, is told in dispatches received here from New York last night.

The story was cabled to the New York office of the Federal Council of the Churches of Christ by Rev. Chas. S. MacFarland, secretary of the council, now in London.

## Advance Transport Rates 25 Per Cent

SEATTLE, Aug. 14.—Because of war risks, rates on every commodity transported by steamers between Seattle and Europe were advanced approximately 25 per cent yesterday. Representatives of the steamship lines operating between North Pacific ports and Europe announced that, effective immediately, rates on cargo shipped from Seattle to London and Liverpool will be advanced from 40¢ to 65¢ per ton, and from 40¢ to 65¢ per ton, and from 40¢ to 65¢ per ton.

The Pacific Oriental Tariff Bureau, in which all lines operating between Seattle and the Orient are represented, is considering a 25 per cent increase in rates to the Far East and announcement of the new tariffs probably will be made today.

## CUBA FEELS WAR

WASHINGTON, Aug. 14.—Thousands of Cuban cigar makers have been thrown out of work as a result of the European war, according to advice received here. The island republic has been furnishing annually many high grade cigars to Europe, particularly England. The Cuban government, it is understood, is taking steps to aid the men.

On the other hand, Cuba hopes to gain from the war. It was added, in the increased price she expects to obtain from her sugar; and it is estimated that this will bring to the country several millions of dollars more than otherwise would have been received from the sugar crop, which is large.

## CONDITIONS AMONG AMERICANS IN GERMANY ALMOST NORMAL

WASHINGTON, Aug. 14.—Volunteers who have co-operated with Ambassador Gerard have made it possible for the embassy in Berlin to restore almost normal conditions among Americans in Germany, according to a report received today at the state department. Action of the Dresden bank, which has agreed to cash a limited number of checks of Americans leaving the American consular office of identification has greatly relieved the financial tension. In addition to the work of assisting Americans, Ambassador Gerard reports that he has opened an English bureau in the embassy for the issuance of passports and general aid to British subjects.

BERLIN, Aug. 13.—(Via Rome and London Aug. 14).—A special train conveying 300 Americans and five automobiles started tonight for Holland. Ambassador James W. Gerard is in communication with the authorities of the German ports and with foreign governments on the subject of freights and free navigation for steamers flying the American flag with American passengers on board. No important news as to the war was made public here today.

## WARSHIPS DUEL IN WEST INDIES

Small English Craft Fights Racing Battle With German Cruiser.

By Associated Press.

HAIFA, N. S. Aug. 14.—For half an hour Thursday night of last week H. M. S. Bristol, the smallest British warship in the North Atlantic, fought a long-range duel with the Karlsruhe, the largest and fastest of the German cruisers which have been trying to intercept British shipping on the North Atlantic.

Fleeing from the British cruiser Suffolk, which interrupted the Karlsruhe sailing at sea from the North German Lloyd steamer Kronprinz Wilhelm, the German cruiser was intercepted by the Bristol southwest of Bermuda, and for half an hour a long-range running fight took place in the blackness of semi-tropical night.

Racing through the heavy swell at a terrific clip, the ships exchanged broadsides without inflicting much damage, conditions being very unfavorable for accurate gunnery. Although the Bristol's consorts were at least 100 miles astern, the German would not stand and fight, according to this action, the first single-ship fight in which a British man-of-war has engaged in these waters in a hundred years, were brought to Halifax today by H. M. S. Suffolk, the flagship of Rear Admiral Cradock, commanding the four British cruisers.

Information given out here on the arrival of the Suffolk was to the effect that in the past ten days the fourth cruiser squadron has made the North Atlantic absolutely safe for British shipping. Not a hostile ship is north of the West Indies.

A big fleet of British cruisers is now on the way to Halifax to assist in guarding the trade routes. The first of these ships, the Goodhope, will be at Halifax tomorrow.

## SHIP'S PURPOSE DISCLOSED

NEW YORK, Aug. 14.—The story of the battle between the Bristol and the Karlsruhe discloses for the first time the apparent purpose of the North German Lloyd steamship Kronprinz Wilhelm in making an unannounced dash from this port under cover of darkness. As ago, bearing 6000 tons of coal. It was assumed by many persons that she had gone out to supply fuel to the German cruisers on the Atlantic.

## Austrian Prince Is Paroled by Canadians

MONTREAL, Aug. 14.—Alfred Hohenzollern, an Austrian prince who has been attached to the Austrian consulate in Montreal for several months, was arrested yesterday at the instance of the military headquarters. Prince Hohenzollern was taken to his apartments, where he was questioned and where some of his papers were impounded. Then he was released on parole.

The prince comes of an old German family. His uncle was Bismarck's successor as chancellor of the German empire. His father was prime minister of Austria some years ago.

## Warship Sighted Off Santa Cruz

SANTA CRUZ, Cal., Aug. 14.—A large warship, with three funnels, was sighted by the crowds on the beach here at 3 o'clock yesterday afternoon, when the fog bank at sea lifted. The vessel was about six miles out, and was headed toward San Francisco at high speed, dense smoke pouring from all her funnels. As soon as the fog lifted, the warship put further out to sea. Her nationality could not be made out.

## CANADA TO CONTROL PRICES

OTTAWA, Ont., Aug. 14.—A law to control prices of fuel and all necessities of life will be enacted by the Canadian Parliament, which meets Tuesday next in special session to pass war measures. The government will enact a statute by which the prices charged by manufacturers, wholesalers and retailers may be brought before a judge and if it is found that advantage has been taken of conditions created by war unduly to advance prices, they may be reduced by court order.

Since the declaration of war the charges for flour, fuel, sugar, tea and many other commodities have increased throughout Canada. It is expected that Parliament will be asked to impose some form of a war tax. The revenues of Canada are chiefly derived from customs duties. Curtailed on import duties due to the government's revenue before the war. Since then the shrinkage has been more serious.

## WATCH FOR GERMAN SHIPS

SEATTLE, Wash., Aug. 14.—The Canadian converted yacht Aquilio, fitted with small guns, and the Canadian fisheries cruiser Galano are doing patrol duty off Cape Flattery watching for German merchant vessels, according to reports brought by in-coming steamers. The two vessels carefully investigate all in-coming ships.

## GRAND CIRCUIT PROGRAM

KALAMAZOO, Mich., Aug. 14.—The Grand Circuit program for today, revised because of postponements of today's races, will be as follows: 1:10, 1:15, 1:20, 1:25, 1:30, 1:35, 1:40, 1:45, 1:50, 1:55, 2:00, ## "Look Not Through the Glass Darkly"

## Take Off Your Colored Glasses

The happenings on this side of the Atlantic as compared with what is going on abroad gives us good reason to be content with our lot and we should not be looking on the dark side.

Thousands of miles lie between us and the carnage of the old world, and without danger we are standing still looking on at its horrors.

It is a great thing to be an American citizen.

It is a great thing to be planting fields, gathering harvests and keeping up our manufacturing industries.

It is a great thing to go on building up our own country while others are tearing themselves down.

This war, much as we regret it, gives Americans with pluck and the proper vision new opportunities.

Our factories will hum with their industries, ships will soon be gotten to take our produce to foreign markets.

The part of this store at this nervous time is a pleasing one. We shall go straight on improving our store, keeping, collecting the best goods, striving to make more employment for people rather than less, and we shall fight with all our might any unwarranted raise in prices that will increase the cost of living.

A prolonged war will mean a scarcity of foreign goods, but advance orders have already brought us a great many. The largest portion of our merchandise is of American manufacture and it shall be our utmost effort to keep assortments up to the high tide, war or no war.

## AGED WOMAN IS FATALY BURNED

Her Daughter Incurs Serious Injury Trying to Save Her Life.

SAN FRANCISCO, Aug. 14.—With her body wreathed in flames following an explosion of coal oil in her home, 156 Connecticut street, this morning, Mrs. Anna Plutt rushed into her back yard screaming. She was seen by her daughter, Jennie, 23 years old, who was upstairs and just preparing to leave for her work in a downtown office. She rushed to her mother's aid, took off her coat and stuffed the fire, rolling the aged woman over and over on the ground until the flames were quenched.

Mrs. Plutt was taken to the Central Emergency hospital but cannot recover. This morning as usual Mrs. Plutt, mother of seven children, she then retired again as she was not feeling well. At 9 o'clock, believing that a cup of tea might stop her headache, she arose, went downstairs and she decided to start it with coal oil. There was an explosion and in a moment the woman was enveloped in a sheet of fire. She called for her eldest son, who had left the house. But for her daughter she would probably have been burned to death.

Miss Plutt, who is a stenographer in a local real estate office, was herself painfully burned in her effort to save her mother's life. The aged woman was seared and scarred from head to foot, scarcely an inch of her flesh escaping the flames.

## SUGAR MARKET SHOWS FURTHER PRICE RISE

NEW YORK, Aug. 14.—The sugar market showed further strength today. Leading refiners were quoting refined sugar on a basis of 2 cents for granulated, less 2 per cent for cut. The advance was due to a further sharp rise yesterday in the market for raw sugar, which was brought about by competitive bidding between European and American refiners.

## ODD FELLOWS TO HONOR GRAND MASTER JOHNSON

HAYWARD, Aug. 14.—Odd Fellows of Hayward lodge will entertain in honor of Grandmaster Johnson Monday evening in their lodge room, where an important program will be given. The event will mark the annual visit of the distinguished official to that lodge, which is one of the largest in the bay cities. It is expected that the entire personnel of that lodge will greet the Grandmaster.

One of the features of the evening will be a series of dramatic sketches. The affair will be open to Odd Fellows.

MUST FACE FEDERAL COURT. SAN FRANCISCO, Aug. 14.—John Martin, alias John B. Gohber, who, with the aid of his wife, lived on E. S. Preston, a really broker, of 407 Pine street, will have to face a trial in the federal court. Martin was turned over to the military authorities as it was shown that he was a deserter. Today United States Attorney Preston received instructions directing that he be prosecuted for highway robbery on a military reservation. It will likely go hard with Martin as his wife was sent to Whittier for two years for her share in turning Preston to the President.

# COMMERCE BODIES NAME COMMITTEE

Organizers of Exposition Fund  
Campaign Meet and Dis-  
cuss Plans.

Fourteen Chambers of Commerce of  
Alameda county met last night in the  
chamber of the Commercial Club, Oakland,  
to discuss plans for a campaign to  
raise \$1,000,000 for the Panama-Pacific  
Exposition.

The supervisors refused to appoint a  
committee to act on raising a fund and  
the civic organizations are diligently try-  
ing to have an enabling act passed to pre-  
sent the issue before the voters of Alameda  
county.

The original idea of a committee of 75  
to work for the fund has been increased to  
100. The organizations appointed 60  
on the committee from the various civic  
bodies in the county, and at the next  
meeting they will appoint the remaining  
40 from at large.

**NEW BOOKS FOR LIBRARY.**  
SAN LEANDRO, Aug. 14.—Many new  
volumes have just arrived and will be  
immediately added to the recent large  
number of books in the library. The  
trustees have added to the collection  
from time to time and the latest col-  
lection is the most complete of the kind in  
the county.

# SAN LEANDRO P. O. BUSINESS GROWS

Fruit Handled by Parcels Post  
Yields 12 Per Cent of  
Year's Revenue.

SAN LEANDRO, Aug. 14.—Postmaster  
C. Q. BISHOP, 1212 Third street, with the  
increase of business in the San Leandro  
postoffice this year. The money order  
receipts amount to approximately \$8000  
annually and the issuance of orders to  
\$6000. The office handled between  
\$9,000 and 100,000 pieces of mail monthly.  
The parcels post has been a factor in  
the handling of fruit and produce in San  
Leandro and no less than 12 1/2 of the  
postoffice revenue has been derived from  
the parcels post.

# FRUITVALE EAGLES ARE OFFICIALLY VISITED

FRUITVALE, Aug. 14.—The Fruitvale  
Aerie of Eagles, No. 1575, was officially  
visited on Wednesday evening last by  
State supervisor, Mortimer Smith and  
State Secretary Dr. Gustav Grimsman. A  
large attendance greeted the grand offi-  
cers, and sixteen candidates received the  
initiation degree. The work was well  
executed. Past President Cavanaugh  
participated in the ceremonies.  
Following the degree session a banquet  
was served, after which a short pro-  
gram was rendered. During the evening  
the three visiting officers delivered ad-  
dresses on fraternalism and bathed  
much praise on the degree team and  
general work of the Fruitvale Aerie.

# WILL GIVE BENEFIT FOR STRICKEN FAMILY

FITCHBURG, Aug. 14.—For the benefit  
of a stricken family, the Lockwood School  
Parent Teachers' Association will give an  
entertainment this evening in the Alpha  
theater, East Fourteenth street and Sev-  
enty-second avenue. Local talent has  
been secured for the program, which will  
consist of ten musical and vocal num-  
bers. The soloists will be Miss Rosalie  
Harrison, soprano; Miss Fern Bachman,  
violinist; Mrs. Josephine Swan White, will  
be the pianist. There will also be a  
number of cornet selections.  
The members of the association are  
eager to raise several hundred dollars for  
the cause.

# ENDEAVORERS HONOR PASTOR'S DAUGHTER

FRUITVALE, Aug. 14.—In honor of the  
home-coming of Miss Ella Rhoda from  
her vacation in Willets, the members of  
the Fruitvale Christian Endeavor Society  
of the Presbyterian church will give an  
entertainment and social at the home of  
the pastor, Rev. Franklin Rhoda, this  
evening. Two acts will be offered, one  
entitled "Twisted Trouble," and the other  
"Fast Friends." The casts will include  
T. L. Baker, L. L. Lutz, Miss Mary  
Knight and Miss Florence and Miss Lil-  
lian Weston. Musical numbers will be in-  
cluded and a "dinner-dance" will be  
served at the close of the program.

# CANDIDATES TO SPEAK AT HAYWARD CENTER

HAYWARD, Aug. 14.—Candidates for  
office will deliver addresses at the regu-  
lar meeting of the Hayward Civic Center  
to be held Monday evening in Civic Cen-  
ter hall. The speakers will be District  
Committee H. L. Jones, R. O. Baldwin,  
George Wither, Carl Wood, T. L. Chris-  
tianson, M. J. Kelley, R. W. Fox, Dr.  
F. Tisdale, Grant Miller, Thomas Atkin-  
son, Miss T. Wilson and Fred Campbell.

# EPWORTH LEAGUE WILL ATTEND HAYWARD SOCIAL

HAYWARD, Aug. 14.—Members of the  
Epworth League of the Methodist Epis-  
copal Church will attend a social to-  
night at the Epworth home, where an elaborate  
dinner will be served. During the evening re-  
freshments will be served.  
Many socials are being planned by the  
officers and the committee of the Ep-  
worth League which is the largest social  
body in the church.

# RECOVERING FROM BURNS

SAN LEANDRO, Aug. 14.—The attend-  
ing physician of the St. Francis Hospital,  
who received serious burns the first of  
the week while polishing a stove, reports  
her condition as well as could be expected.  
Miss Hazel Moore, who was formerly  
Miss Hazel Moore of San Leandro, was  
burned while cleaning about her face and  
hands. In order to protect herself from  
further harm, Mrs. Moore (who is the  
wife of a local physician) has been re-  
fused to be treated by her physician  
because she is not a patient. It is thought  
that a serious result will follow the  
accident.

# WILL RAISE CACTUS.

SAN LEANDRO, Aug. 14.—San Leand-  
ro is to be the scene of a new industry in the  
California Cactus company, which has  
located on the property adjoining St.  
Leandro. The company is the property of  
a local man, who is a native of the  
state. A cactus of seed has been plant-  
ed, and it is expected that the plant  
will be ready for the market in a few  
years.

# STREET WORK PROGRESSING

FRUITVALE, Aug. 14.—Work is pro-  
gressing well on the street paving pro-  
ject in the Fruitvale section. A large crew  
of men with steamrollers and an excavation  
machine are removing the dirt. The work  
will be completed in a few days. The  
road is to be paved with concrete and  
is to be used for traffic. It is expected  
that the project will be a great benefit  
to the public in a short time.

# PIONEER WOMAN DEAD.

FRUITVALE, Aug. 14.—Mrs. Lina Vir-  
ginia Brown, 1144 1/2 Ave. 1, died at her  
home in Fruitvale. She was 82 years  
old. She was born in England and was  
a pioneer resident of Alameda county.  
She was married to a man who died in  
1848. She is survived by a daughter and  
son. Her funeral will be held on Wed-  
nesday at 10 o'clock. Burial will be in  
the cemetery.

# C. O. H. TO HOLD INITIATION.

SAN LEANDRO, Aug. 14.—Court San  
Leandro No. 798 C. O. H. will hold a big  
initiation tonight at the Masonic Temple.  
The arrangements will be made for a  
ball to be given this month. After the  
business meeting and initiation the mem-  
bers will hold a dance.

# WILL VISIT PARENTS

FRUITVALE, Aug. 14.—Mrs. R. C.  
Black, prominent in church work and  
club circles, leaves on August 15 for Chi-  
cago and Terre Haute, where she will  
visit her parents and other relatives. Mrs.  
Black intends to be absent about three or  
four months.

# GUILD TO GIVE LUNCHEON.

SAN LEANDRO, Aug. 14.—The ladies  
of St. Mark's Guild will give a luncheon  
on Wednesday afternoon, Aug. 19, in  
honor of Mrs. Carl Keer of Mill Valley.  
The luncheon will be followed by a recep-  
tion.

## LATEST NEWS FROM RICHMOND

### CANDIDATES' BALL ATTRACTS CROWD

Women of Richmond Club En-  
tertain Office Seekers at  
Successful Dance.

RICHMOND, Aug. 14.—Of all the  
crowds that have graced the floor of the  
East Shore Park dance pavilion in the  
seasons past there has been none more  
of the candidates given last night on the  
women of the Richmond Club. Practi-  
cally every berth-seeker in the county,  
with his wife, or guest, was present, and  
every one was given a part to play. The  
matter of floor manager was settled to  
the satisfaction of all, each candidate be-  
ing branded on the label with a mon-  
ogram of the club, denoting his office as  
assistant floor manager. The assign-  
ments to the several committees had  
been kept a strict secret by the women,  
and the dance was first announced.

### WEDDED; JOBS ARE THEIR HONEYMOON

Four Days Pass With Couple  
at Tasks Before Secret  
Outs.

RICHMOND, Aug. 14.—For four days  
Miss Ethel Williamson went to her work  
with Sam Kaub at the California Cap  
for years and no one guessed that the  
two had slipped away to Oakland last  
Sunday and been married.  
But yesterday some one surmised the  
truth and the bride blushing confessed.  
Now their Stege friends are preparing  
to give them a reception. They will be  
settled down to housekeeping in a few  
days.

## BUSY SESSION HELD BY YEOMAN LAST EVENING

RICHMOND, Aug. 14.—It was a busy  
but brief session which the members of  
Olive Homestead No. 1109, Brotherhood  
of American Women, held in P. M. at  
Castle, last night. Two new members  
were enrolled, they being Mrs. O. L. Diet-  
rich and Mrs. Flora Thomas.  
The occasion was enhanced by Es-  
teemed Manager W. J. Elliott, who came  
over from San Francisco. Plans were  
laid for a fall picnic at which all the  
members of the Yeoman lodges about the  
bay will join.  
An open meeting will be held next  
Thursday evening at which a program  
will be rendered. A committee, consist-  
ing of Mrs. Flora Thompson, Mrs. Bert  
Pearse, Mrs. Bert Bryant, A. L. Pearson,  
Harriet Coyer, Charles Williams and Mrs.  
Pearl Olds, was appointed to arrange for  
the evening.

## COUPLE WILL KEEP THEIR PAPER ANNIVERSARY

RICHMOND, Aug. 14.—Fittingly to  
celebrate their second wedding anniver-  
sary, Mr. and Mrs. Charles W. Ows en-  
tertained a party of friends at their home  
15 Twentieth street. The evening was  
spent at whist and refreshments were  
served.

## INVESTIGATING FOOD PRICE INCREASE

Government Movement With  
View to Criminal Persecu-  
tions Under Headway.

WASHINGTON, Aug. 14.—Agents of the Department of Commerce began their work today as part of the investigation ordered by President Wilson to determine if food prices in this country are being artificially raised because of the European war.

These instructions were sent to field agents in New York, Boston, Seattle, Chicago, Atlanta and New Orleans; and to the bureau in Washington.

A recent rise in retail prices in your city and vicinity and it is so on what article and to what extent.

"Special attention should be given to food staples and articles of clothing and other necessities. Learn whether the advance is for foodstuffs, is general or confined to particular commodities, and if so, what ones. Find if it has been sudden or gradual and if any articles have fallen in price. Learn what reasons are given for the advance.

And inquire particularly as to whether such reasons are the actual ones. "Study to learn of any combination exists to advance prices under existing conditions. When the facts shall have been determined sufficiently to give a clear idea of the general situation, the bureau will promptly advise the commission and continue the inquiry subject to his instructions."

Secretary Redfield said he expected to have enough facts within the next week to turn over to the Attorney General for action.

Investigation of food prices in the National Food Administration today. District Attorney Wilson began a grand jury investigation and summoned commission merchants, buyers for hotels and others to testify.

"The department by its special agents in various parts of the country has instituted an investigation into the marked increase in the prices of foodstuffs since the outbreak of the European war with a view of ascertaining whether the increase is due to a combination of causes or to a restraint of trade or other unlawful actions. Please co-operate by communicating to the department any information you may obtain on the subject, together with your opinion in respect to the appropriate action to be taken."

The responses are already beginning to come into the department from the telegraphic notice of these instructions.

The department has been investigating for several months into the question of increased prices prior to the European war. It has had under way an inquiry into the increase in the cost of meats, with special reference to the Argentine situation; the increased cost of eggs, sugar, etc.; and the cost of other commodities.

WASH AD INVESTIGATING PRICES  
Attorney General McReynolds said after a conference with the President that the Sherman law was the only statute he was at present considering as covering any attempts to fix prices, and he could not determine whether new legislation was necessary until receiving reports from his investigators.

### SUGAR OFFICIALS SUMMONED.

SAN FRANCISCO, Aug. 14.—The officials of the American Beet Sugar Company, the Western Sugar Refining Company and the California-Hawaiian Sugar Refining Company were today summoned by United States Attorney Preston to appear on Monday before the federal grand jury to explain the continual rise in price of sugar in this community. The steps were taken on orders from Attorney General McReynolds. Attorney Preston stated that prices of other food commodities will be similarly investigated.

### FINALLY BOOK SUSPECT CAPTURED MONTH AGO

SAN FRANCISCO, Aug. 14.—W. Sparklin, a suspected burglar taken into custody by Detectives Miles Jackson a month ago, and who has since been repeatedly protesting against being held in detention at the city prison, was finally booked this morning after the police had despaired of being able to furnish a delinquent charge upon him. The officers believed that they had a good case on Sparklin when he was taken into custody. He was accused by George Lockwood, of 1313 Pacific street, of obtaining \$150 from him under false pretenses. Sparklin, on April 6 declares he gave Sparklin the money for an interest in an advertising scheme. He was directed to meet Sparklin at Marville but the latter never showed up and disappeared for several months. When the police located him, Lockwood was traveling and could not be traced. On the 11th he was charged with the crime of obtaining money from Sparklin by false pretenses and another detective has been holding Sparklin and today received advice that he was wanted in Virginia on a charge of felony embezzlement. He was booked of enroute there.

### DIAMONDS EXPECTED TO ADVANCE 20 PER CENT

SAN FRANCISCO, Aug. 14.—An increase of only 20 per cent in the price of diamonds is expected shortly by local diamond operators as a result of the European war situation. Several local importers said today that the importation of diamonds from South Africa has been stopped indefinitely and that the rise in prices is inevitable. Since the European war began the diamond industry in South Africa has been dormant, and British vessels can not venture on the high seas from the South African coast. But, besides this cessation of the importing trade, the diamond cutting and polishing industry, which is centered in Amsterdam, has been stopped by the war. While the greater part of the diamonds output goes first to Amsterdam for cutting and polishing, there is some cutting done in the United States. This domestic industry will serve little purpose, however, since the bringing of even uncut diamonds here is blocked by the war.

### RICHMOND COUPLE TO FIGHT BURGLAR CASE

RICHMOND, Aug. 14.—Suit for a separation has been started by Mrs. Wilma Steele against her husband, W. J. Steele, who conducts a hotel at 508 Broadway avenue. Notice to this effect has been published in various papers by Steele. The grounds are said to be incompatibility of temperaments.

### BEDMATE UP EARLY; STEALS MAN'S TOOTH

SAN FRANCISCO, Aug. 14.—When John Matthews retired amid unfamiliar surroundings in a hotel at Sixth and Jessie streets, last night, he placed his purse and a gold tooth under the pillow. When he awoke this morning a companion, whose hospitality he had shared, was missing as were all of his valuables, including of clothing and jewelry to the amount of \$124.

His chief concern was for his tooth, however, and he quickly reported the matter to the police.

### RELINQUISHES WIFE'S ESTATE.

Since he was divorced from his wife Dr. J. Emmett Clark does not care to manage any of her interests, as evidenced by papers filed with the County Clerk today, whereby he relinquishes claim to act as administrator in the estate of Mrs. Clark's father, the late Louis W. McGlaughlin, valued at \$10,000. Dr. Clark's father-in-law neglected to change his will after his daughter and her husband became estranged. Since then Dr. Clark has remarried.

### COTTON PLANTERS WILL HAVE FISCAL RELIEF

WASHINGTON, Aug. 14.—Plans of Southern Congressmen and Representatives of cotton interests for relief from the embarrassment threatened by the closing of the European markets took tangible form today when bills established bonded warehouses wherein cotton could be stored and made the basis of currency issues were introduced in Congress today by Senator Hoke Smith and Representative Lever after conference with officers of the Department of Agriculture, Commerce and the Treasury.

### WOODMEN EXECUTIVES PLAN EXTENSION CAMPAIGN

The Alameda county executive committee, Woodmen of the World, met Thursday night at Pacific Woodmen hall, and decided the following officers:

President, M. H. Rutherford of Oakland Camp, first vice-president, T. J. Bridgford, Spruce Camp; second vice-president, J. W. Spears, Peralta Camp; Secretary, E. B. Holliday, Athens Camp; Treasurer, A. D. Hughes, Forest Camp; press correspondent, James P. Allen, Forest Camp.

President Rutherford spoke of the extension work to be inaugurated next month, and declared that the executive committee is the proper body to work it out. He was seconded by District Manager A. D. Hughes and Head Manager Thomas M. Robinson, who predicted a successful issue.

A big rally will be held in Old Orchard Camp, San Lorenzo, on August 27.

The retiring officers tendered a vote of thanks, and a report on past work. D. R. McCurdy was replete with the work of the committee for the past six months. Robinson addressed the committee on the monthly rallies and was much in favor of their continuance.

### PICKPOCKETS IN PRACTICE.

SAN FRANCISCO, Aug. 14.—W. C. Rapp, a prominent local business man of 733 Market street, who resides at the St. Francis Hotel, fell a victim to pickpockets, who obtained his gold watch and chain, valued at \$150. Rapp was waiting in a crowd when the light-fingered thief got in his work. J. P. Striegel lost his watch at the hands of a thief while he was standing on a safety station at Kearney and Market streets, and a watch was similarly stolen from C. F. Kearn of 731 Eleventh street, Oakland.

### OAKLAND TEACHER CLUB GIVES HONOR RECEPTION

Miss Elizabeth Sherman was guest of honor yesterday afternoon at a reception held in the High School Assembly Hall. ## RESINOL CURED ECZEMA IN ITS WORST FORM

Feb. 25, 1914: "I had eczema in the worst form all over my face. It started with a rash like hives, and itched and burned so that I could not keep my hands off it. I could hardly sleep. The more I rubbed it the worse it became, and the more it spread. Blisters formed, and when opened had pus in them. I looked terrible. I would not let myself be seen. This lasted for about three months, and during that time I tried prescriptions, cold cream, camphor, etc. But it still kept getting worse, until at last I tried Resinol Ointment and Resinol Soap. THE FIRST APPLICATION RELIEVED THE ITCHING AND BURNING. I purchased a jar of Resinol Ointment and a cake of Resinol Soap, and by the time the ointment was used my face was entirely well—my skin is as smooth and clear as ever." (Signed) Mrs. Phoebe Cole, 1009 N. Walnut St., West Bay City, Mich.

Sold by all druggists. Price 15¢ per jar, 25¢ per cake. Write to Dept. 29-R, Resinol, Baltimore.

## VALLEJO FLOATS WILL TELL STATE'S HISTORY

Elaborate Pageant to Be Feature of Vallejo Celebration.

VALLEJO, Aug. 14.—California's history will be wonderfully depicted through the medium of a series of magnificent floats which will form the chief attraction of the Admission Day parade during the celebration here on September 7, 8 and 9. One float will be known as "California" and on it will ride Miss Vallejo, granddaughter of General M. G. Vallejo, after whom this city is named. This float, which is to be entered by the local committee in charge of the celebration, will probably form the principal attraction.

Arrangements have been completed by the local party of the Native Sons' order to have a float in the parade on the 8th, depicting the fame and glory of the "California Poppy." In just which one of the three principal floats the king and queen of the festival will ride has not been decided, but as the contest for the latter two honors has not as yet reached its climax the question will probably be settled when the awards of honor are made. There are a score of contestants which daily inject new angles to the contest and bewilder the local prophets.

A fair Alameda belle, whose name is closely identified with fiestas in swimming will be another attraction which will interest Vallejo's guests during the carnival period.

YACHT FOR FLOAT.

VALLEJO, Aug. 14.—A large sized replica of Sir Thomas Lupton's cup challenger Steamcraft will be a feature of the Admission Day parade to be held in this city on September 7. The Vallejo Yacht and Rowing Club having decided to enter a yacht as its float in the big parade. Fleet Captain Albert Stoddard will have the charge of the float which will be 20 feet in length with a beam of 4 feet.

## SOUTH DAKOTA BREAKS RECORD

Coaling Time Cut Down by Quick Work of the Sailors.

MARE ISLAND, Aug. 14.—The cutter South Dakota, U. S. Gunboat, L. S. No. 1, has broken the world's coaling record according to the latest information received at Mare Island. Considerable of the credit is due Lieutenant-Commander F. N. Freeman, U. S. N., executive officer of the South Dakota, for it was he who gave his enlisted men assistance and assistance while they pulled off their record-breaking stand of taking on 150 tons of coal in six hours with the number of men on board 250 shy of a full crew.

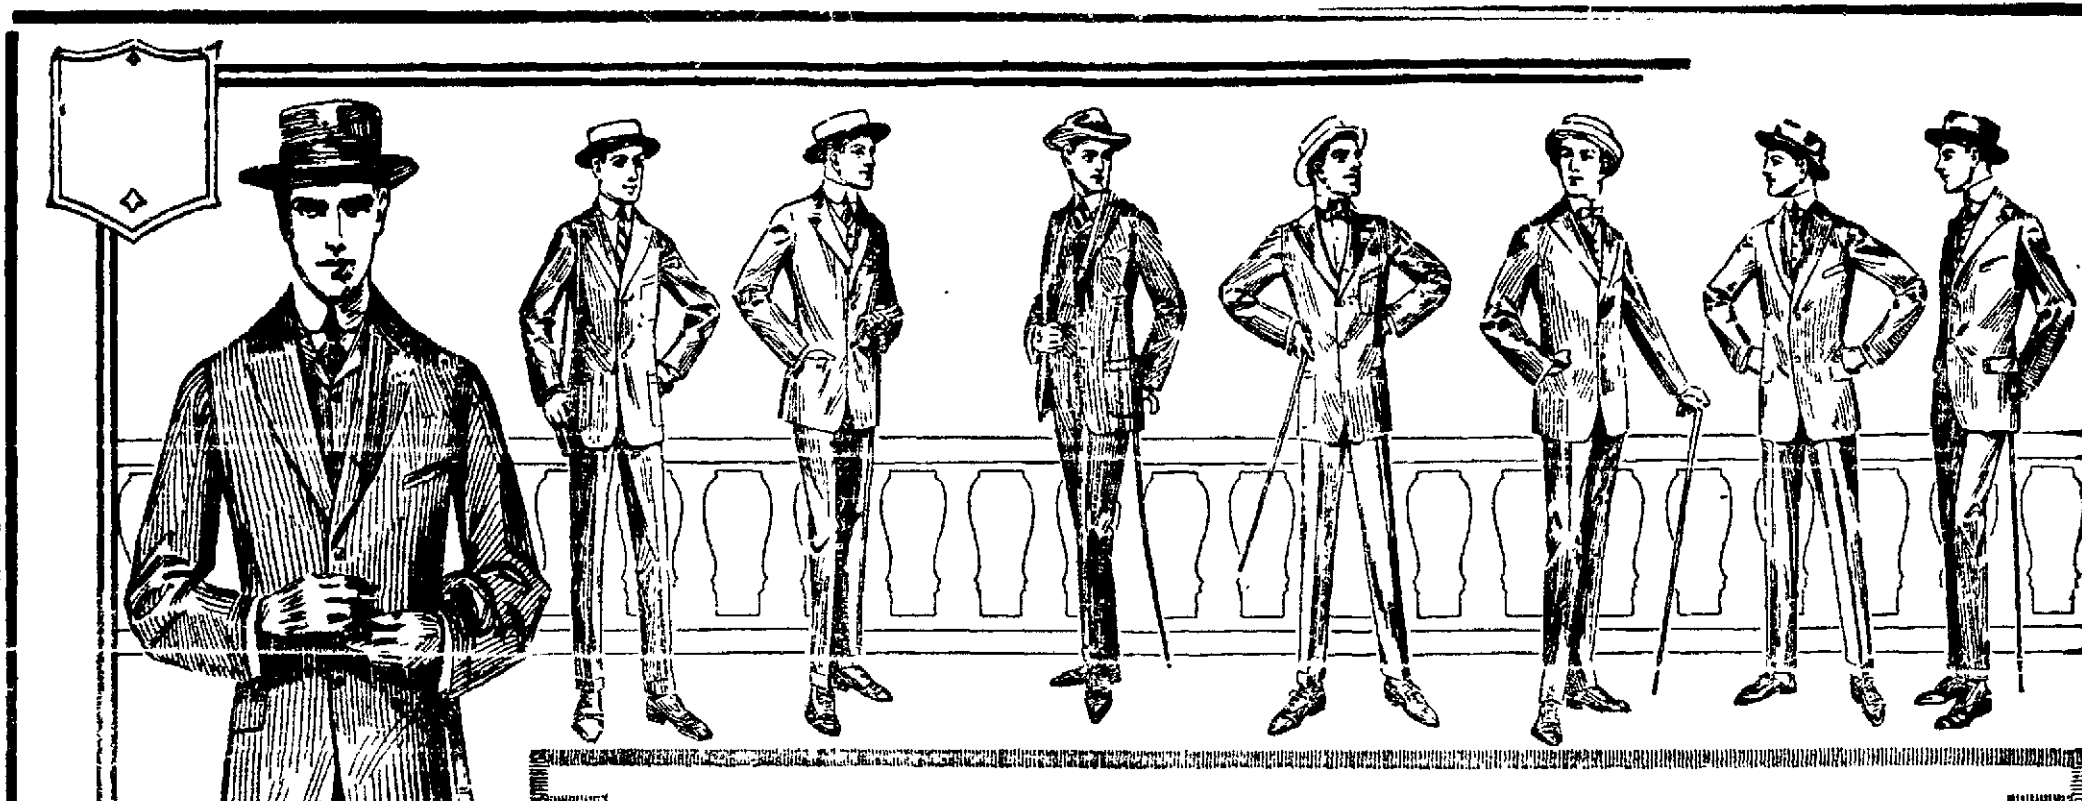

The record was made Tuesday when the "Ess Dee" arrived at California City shortly before noon direct from Honolulu and started taking on fuel at 2 p. m., finishing at 7 p. m. Among the many incentives for the crew to break the coaling record was promised shore leave for the cutter when it returned to Mare Island.

MUST GIVE SERVICE.

VALLEJO, Aug. 14.—The commission established a new set of rules and regulations for the electric light company which make it compulsory for the company to adequately and properly serve each and every consumer within 15 days after receiving written application for service.

WANTS OLD OFFICERS.

MARE ISLAND, Aug. 14.—That Secretary of the Navy Daniels is anxious to get good old retired officers who are active, enjoying good health to return to the naval service on his proposed passenger mail and freight line.

initiated into the mysteries of the Shrine on the evening of September 7, when Mahmet Temouk of the Shrine will hold what is expected to be the most important ceremonial.

ever handled by the Oakland temple. The ceremonial will take place under the auspices of the local shrine, but additional interest is manifested in the plans for the affair through the fact that Imperial Potentate Frederick R. Smith of Rochester, N. Y., with ten members of his official retinue, will be present on an official visit and will watch the work of initiation.

REPUBLICAN PARTY  
GAINING EVERYWHERE.

Colonel George Harvey, formerly editor of Harper's Weekly, now connected with the North American Review, is having some fun with the colonel of Oyster Bay. Colonel Harvey has addressed an open letter to the colonel of Oyster Bay in which he discusses national politics in his usual readable style and directs the latter's attention to the "obvious pining away of your political affinity."

Commenting on utterances made by the leader of the Progressive party in which the latter some weeks ago asserted that the organization was a living entity, full of fight and other things, eternal in principle and never-dying in effort, Colonel Harvey suggests to Colonel Roosevelt that perhaps his lieutenants have not been telling him the truth about conditions throughout the country, and for his edification spreads the following glad tidings that are highly instructive to the country at large:

Did they tell you that only 48,253 of the 444,389 Pennsylvanians who voted for you participated in the recent Progressive primaries, while simultaneously the Democrats lost 160,000 and the Republicans actually gained 55,000 and polled 80,000 more than both combined; that recent bye elections of Congressmen resulted

loss 7000, Progressive loss 10,000; in New Jersey, Republican gain 4000, Democratic loss 4000, Progressive loss 4000; in Maine, Republican gain 8000, Democratic loss 3500, Progressive loss 6800; in Massachusetts, Republican loss 1900, Democratic loss 6000, Progressive loss 5500; in West Virginia, Republican loss 1700, Democratic loss 9000, Progressive loss 9500; that in New York the Progressive enrollment has dwindled to a beggarly 110,000 as against 300,000 votes cast for you in 1912; that in California the Republican enrollment exceeds that of either Democrats or Progressives by more than 100,000; that South Dakota, which gave you 10,000 majority, has recently elected a stand-pat Republican United States Senator by 9000; that the recent state election in Arkansas show Republican loss 8000, Democratic loss 15,000, Progressive loss 13,000; that in the Maryland senatorial election the Republican vote increased 20,000 and the Progressive vote decreased 50,000; that in Schuylers County, Pennsylvania, the Republican enrollment increased 10,000 and the Progressives' enrollment decreased 9000; that in Allegheny County, where Taft received only 24,000, the Republican enrollment now is 127,000; that Omaha, Nebraska, shows a Republican gain of 4000, Democratic loss 4000, Progressive loss 5600; that the Republicans swept St. Louis at the spring election and carried the leading Progressive district in Chicago; and finally, that few if any Progressives have been elected to the legislatures of states which gave you the strongest support?

That's a pretty lengthy question, but it is by no means hypothetical. It contains many nuts for the colonel to crack. It was written prior to the election in Kansas, where only 15,000 votes were cast against more than 120,000 for Roosevelt in 1912.

In this state the Progressives are trying to cheer themselves by saying registration amounts to nothing; that Johnson will be triumphantly re-elected, when by the time election comes the majority against him as compared with Republicans and Progressives will be 250,000. But the figures quoted by Colonel Harvey are from elections held. California will be in line with the other states in November and then Colonel Harvey can ask the colonel of Oyster Bay another question or two.

Andrew Carnegie says this war is "hellish," blames the kaiser and says Great Britain merely did her duty. Skibo's Laird appears to have regrets concerning that peace fund.

King Cotton, King Wheat and King Corn are at peace with all the world.

Wonder who will referee the fight between Jack Johnson and the Germans and how many rounds will it go? By rounds, Horatio, we mean rounds of ammunition.

SPECIAL WAR TAXES  
MAY BE A NECESSITY.

Although the fighting is on the other side of the Atlantic and the United States is neutral, this government may be compelled to levy a war tax in order to keep up its expenses, which are derived from revenues collected on certain articles sold at home and by tariff on imports. The situation is grave—so grave that Chairman Underwood of the ways and means committee of the House and Secretary McAdoo of the treasury department have found it necessary to hold a conference to determine upon a plan of action. Experts of the treasury department have prepared a statement showing imports from the warring countries and figures indicating what might be raised by an increase on liquors and tobacco and by adding to the income tax.

Normal revenue from imports from the countries at war are \$116,000,000 annually. Many of the articles produced in Germany may be supplied by other countries, but it is figured that the deficiency will be approximately \$100,000,000.

By the changing of the system of tax on tobacco, making it ad valorem instead of a flat rate, it is figured that \$30,000,000 may be raised, perhaps \$40,000,000. An increase on beer would make about \$30,000,000 more. But that would leave a deficit of \$30,000,000 and there is no possibility of increasing the income tax until after July 1, 1915.

What then? It looks as if the only method would be the stamp tax, formerly used as a war measure, by which checks, legal documents, matches and other articles will be made to pay their proportion. In that event we will have the novelty of paying a war tax when the nation is at peace with the world.

There is no evading the situation; if the government is to meet its expenses it must have the money. The fellows who chew, smoke and drink will have to pay an added sum for the privilege and in addition the business of the nation will be called upon to contribute its portion in addition to regular taxes imposed.

It is an odd state of affairs, but it is a condition just the same and no one need be surprised if this stamp tax is imposed. In which event the party in power will doubtless come in for severe condemnation, although the party in power is in no wise responsible. Common fairness demands that statement, but the great mass does not always go behind effect to determine cause, and hence will blame the administration for the condition.

Inferring from the almost holy calm pervading the vicinity of Oyster Bay, the Bull Moose must be shedding his horns.

With the three British warcraft doing duty on this coast at Victoria and the German cruisers lying off the Golden Gate, the chances for Californians to witness a naval battle are somewhat reduced.

TRADE OPPORTUNITIES  
WITH LATIN REPUBLICS.

Some months ago a committee of American manufacturers visited Argentine Republic, Brazil and other countries in South America for the purpose of ascertaining why North American trade was beaten by Great Britain, Germany and other nations of Europe. This report has been published and handed to the Department of Commerce at Buenos Ayres, and is the subject of comment at the hands of "La Nacion," one of the leading journals. The paper remarks that the committee mentioned claims the reason European nations have enjoyed the larger commerce was first because of an insidious campaign made against the United States, and second that all banking interests being in foreign hands, commercial expansion on the part of this country is hampered, therefore the first essential is the establishment of branches of United States banks in the countries with which trade is desired.

In this connection it may be stated that this has been planned, the National City Bank of New York and other financial institutions having announced the opening of such banks at an early date.

But La Nacion remarks that this is putting the cart before the horse, since before the European banks attained their present importance, commercial relations had grown to such an extent as to warrant the foundation and expansion of institutions connected with the finance of ever growing trade. That to establish banks before there is any interchange of commodities to speak of would be premature, since only by the help of trade can such institutions carry on normal business. From an internal point of view the establishment of new competitors in banking would call for concerns with large capital and able to offer better facilities than existing banks.

La Nacion thinks the more practical plan is the establishment of better means of communication in the shape of shipping lines aided by subsidies, and that seems to be the proper solution.

Right now, when competitors of United States firms are tied up by war and their commerce paralyzed would seem to be the opportune moment, but the mention of subsidy, or protection to an industry, is like waving a red flag at a bull, so far as the Democratic party is concerned. In the face of the fact that this country has grown to its present state of commercial importance under protection and that the commerce of the world is being carried in ships subsidized by other nations, the Democratic party still persists in adhering to the shibboleth of other days and like the jackass which stands as its symbol, stubbornly refuses to budge an inch from the path in order that Progress may proceed on the way to a still larger greatness.

With the return of the Republican party to power, which will be an event of two years hence, we look for a correction of this course of conduct, for the lessons we are now being taught will be of value to the great mass of the electorate. Of course the leaders of the organization now mismanaging affairs will persist in their mulishness, but the people, having suffered great financial loss and loss of prestige, will refuse longer to follow their lead.

CAN SOCIALISTS OF  
EUROPE STOP WAR?

For some time the Socialists of Europe have claimed they could prevent war. It looks as if the time had arrived when their promises should materialize, and if they show their ability they will have accomplished something for which the world should return thanks forevermore. The Socialists have maintained that by the refusal of the workers to man the railroads and steamships, going on strike in the mines and factories where military supplies are made they could so cripple the military authorities that war would be impossible.

It was pointed out that when the Socialists threatened a general strike through Norway and Sweden to prevent the latter from attempting to coerce the former from its attempt at independence, no war ensued and that the settlement of the Algeciras incident between Germany and France was hastened by German and French labor leaders fraternizing. But in the present difficulty conditions appear to be different. There is something in the corpse of what we call patriotism that will not down. When the hour comes the Socialist is found swinging his hat like the rest of humanity, the German crying out for his Fatherland, the Frenchman cheering the national anthem and rushing for his rifle; the Belgian strapping on his bayonet, and so on. Added to this is the fact that the refusal of the Socialists to fight or to pursue their avocations in each country might be considered as treason and punished by death.

There are said to be upwards of 2,000,000 Socialists in France, Austria, England and Italy. Russia has a large number. If these men could prevent war they would be conferring a blessing on mankind such as it has never before received, but it does not look as if any concert of movement is being indulged in, and that when the rolls are called following the encounters of armies, the Socialist soldier will be found to have given up his life at the front the same as those who oppose him in his ideas of government.

Twenty Years  
Ago Today

The new battleship Oregon made her preliminary trial trip on the bay this morning. The vessel is as yet without her turret armor and her heavy armament. She steamed up the northern end of the bay toward Red Rock and her immense gun upper decks and military masts loomed up when abreast of Alcatraz so as to appear as large as the island itself. The trip was made to test the machinery and smooth down the bearings.

The estimated cost of running the fire department this year is placed at \$75,000 as against \$75,583 for last year. Rev. Philip C. G. pastor of the Second Congregational Church of West Oakland, will soon take a trip to the South Sea Islands.

Colonel Bromwell, president of the Alliance Republican Club, and the various committees appointed for the purpose, are working earnestly and well in making arrangements for the grand demonstration in honor of Hon. M. M. Estee. The meeting will be presided over by Hon. W. A. Holcombe. Before the speaking begins there will be an imposing pageant in the streets. The committee for the reception of Mr. Estee comprises William H. Cuckering, A. C. Henry, George P. Morrow. After the exercises in the coliseum the Alliance Republican Club will proceed to East Oakland, where the members will serenade Judge F. W. Henshaw and Congressman S. G. Hilborn. Among the vice-presidents will be Hiram Tabbs, F. M. C. W. Evans, T. F. Graber, Charles Mantalan, Frank J. Barnett, Captain William Roberts, George P. Wheaton, D. E. H. Pardee, E. Nusbaum, E. M. Herneck, W. F. Dargie, Frank A. Leach, P. F. Remillard, E. B. Mastick and F. K. Shattuck. Charley Hall, the delegate from local Union No. 310, A. R. U., to the national convention of that order, which recently adjourned in Chicago, has returned and is now a familiar figure about the unemployed strikers in West Oakland. He is silent as to what the convention accomplished beyond the fact that the union has decided to go into politics and attempt to secure for its members by the ballot what they failed to accomplish by the strike.

## FOUR VESSELS TO NAVIGATE CANAL

Quartet Will Go Through After Ditch Opening on Saturday.

PANAMA, Aug. 14.—The opening of the Panama canal Saturday to the traffic of the world will be followed Sunday by four merchant vessels entering the waters of the canal at the same time, two of them making the trip from the Atlantic and two from the Pacific end.

These vessels will be the *Plata* and *Arzonian* from the south, and the *Arzonian* and the *Missourian* from the north. Following the *Arzonian*, which will officially open the canal Saturday, the *Arzonian* and the *Missourian* will be locked into Gatun Lake, where they will remain until Sunday morning, when they will proceed through the canal. Early Sunday morning the *Plata* and *Arzonian* will go to Pedro Miguel, where they will meet the two other liners and the four will be locked through at the same time.

The canal officials to show the facility with which the canal can handle traffic.

## THREE MEN DIE IN GOLD MINE

Brother of City Attorney Long of San Francisco One of Victims.

BAKERSFIELD, Aug. 14.—Fire which started in the Big Blue gold mine at Kernville, six miles northeast of here Wednesday afternoon, caused the death of three men. The dead:

TRACY LONG, aged 20.  
WILLIAM WHARTON, aged 26.  
W. G. LONG, aged 32.

The men went down into the openings to investigate a fire which they discovered from smoke curling up out of the mouth of the shaft. One of the bodies, that of W. G. Long, was removed from the mine yesterday morning, but it had been impossible to recover the other two. Heroic efforts were made by residents of Kernville, but the smoke and gas poured out of the mine in such quantities that it was impossible to reach them.

The body of Long was taken to the surface, but they could not reach the other two, which were farther back in the workings. Long's body was in a drift about 100 feet from the lowest level. The fire is still burning and it is impossible to reach it to put it out. The mine is owned by the Kern Development Company. The three men were the only ones employed at the mine at the present time.

It has been learned that a relative of the Longs, living in Fresno, has left for the scene of the disaster. On leaving Fresno, he had not learned that any one had been killed.

SAN FRANCISCO, Aug. 14.—City Attorney Peter V. Long has been informed of the death of his youngest brother, William G. Long Jr., and of his nephew, Crayton Long, at the Big Blue mine, Kernville, Kern county. A fire occurred in the mine, and the two were overcome by smoke and gas while working. William G. Long Jr. was superintendent of the mine and Crayton Long, who was the son of Charles S. Long of Hayward and student at Stanford university, went there on a visit.

The young man's father and Robert Long of San Francisco, another brother of the one who died, left here for Kernville Wednesday night.

POLICEMEN WIN CONTEST. SAN FRANCISCO, Aug. 14.—The policemen won last night in the tug-of-war contest with the firemen at the Irish Home Little Festival in the Auditorium. Page and Fillmore won the tug-of-war match, but the firemen won the prize for the city, having lasted for twenty minutes at the end of which time the policemen had pulled the center knot had passed two cleats.

## COMPLEXION RUINED BY PIMPLES

Itched and Burned Badly. Also Had Blackheads. Used Cuticura Soap and Ointment. In Two Weeks Completely Well.

724 E. N. Ave., Olney, Ill.—"When my trouble first began I noticed little pimples coming on my face. They itched and burned so badly that I had to scratch them and that only made them worse. About a week later my face was so badly covered with pimples and blackheads that I was ashamed. My complexion was ruined. The pimples would sometimes bleed and fester.

"I bought a box of Cuticura cream and used it but without effect. I also bought some — and complexion cream but with the same poor result. One day I heard of Cuticura Soap and Ointment and I decided to give them a trial. So I got a cake of Cuticura Soap and a box of Cuticura Ointment, washed my face with the soap and applied the ointment and in two weeks I was completely well." (Signed) Chas. E. McGinn, May 8, 1914.

## PRINCE MISSING FRIENDS ANXIOUS

Duc De Montpensier, Due on Yacht, Fails to Appear.

SAN FRANCISCO, Aug. 14.—Where is Prince Ferdinand, Duc de Montpensier, related to nearly all the royal families of Europe and president of the House of Orleans to the throne of France?

This is a question that caused much concern to friends of the duke and to Frenchmen generally in San Francisco yesterday when it became known that the duke's yacht was due to arrive in this port on the private steam yacht *Monaco* early last week. Several hundred letters addressed to Duc de Montpensier are being held by Jules Clerfayt, passenger agent for the Southern Pacific Company. They have been accumulating for the last month, and Clerfayt was instructed to hold them until the duke's arrival, which was scheduled to be about August 14.

Nothing has been heard of the duke nor of any members of his party since the *Monaco* sailed from Hongkong several weeks ago. During May and June the *Monaco* was tied up in Hongkong harbor, while Duc de Montpensier was on a big game hunting trip up the West river in Southwest China, he having ascended the river several hundred miles in a powerful steam launch.

Upon his return to Hongkong early in July the *Monaco* sailed northward, presumably for San Francisco by way of Japan. Captain Henry Morton, formerly chief officer of the Pacific Mail liner *Mongolia*, is skipper of the *Monaco*.

Clerfayt said yesterday he was unable to conjecture where the duke now is. He believes he has either left the *Monaco* and is proceeding to Europe by way of the Transatlantic railroad or has been taken by some German cruiser.

Clerfayt says that if he was in a friendly port or harbor started to Europe aboard the *Monaco* by way of India and the Suez, after hearing of the outbreak of war, he would have sent cable instructions to San Francisco from Singapore or Colombo. If he is going by way of Panama or Mexico he would have cabled from the French port of Papeete, Tahiti.

Clerfayt says he cannot forward any mail to him for fear of it falling into the hands of unfriendly censors. It is pointed out that there is every reason to believe Duc de Montpensier is making a hurried effort to get to Europe.

He is a brother of Queen Amelita of Portugal and an uncle of the deposed King Manuel of Portugal, and a brother of Louis Philippe, Robert, Duke of Orleans. He is a descendant of the late King Louis Philippe of France and a cousin of the king of Spain.

Duc de Montpensier visited San Francisco in October, 1910, on his way to China. Since then he has been hunting big game through China, French Indo-China and India.

## TEVIS IN PERIL ON AEROPLANE

Millionaire and Christofferson "Bumped" in Air by Wind.

SAN FRANCISCO, Aug. 14.—Jordan Tevis, son of W. S. Tevis, a millionaire, faced death above land and sea yesterday on an aerial flight from San Francisco to the San Mateo polo grounds with Silas Christofferson.

The veteran aviator encountered such nasty currents on the trip that he was forced to abandon the trip and alight at Burlingame.

The air craft came down with a bump, which jolted both men, and bent the axle on the aeroplane. Tevis finished his trip by land.

EAST BAY MOOSE LODGES AWAIT FAMILY PICNIC

Plans are being rapidly completed for the big family reunion and picnic of the east bay lodges of Moose, which will be given under the auspices of Oakland Lodge No. 324, at Lafayette park next Sunday. The committee in charge has already been notified by several hundred "pans" that they will attend and bring their families and the outing promises to be among the best attended ever held by this order. An interesting program has been prepared and many prizes will be awarded. Among the features of the day will be an all-fresh luncheon which will be served on a table 100 feet long, specially constructed for the occasion. The committee in charge is composed of W. F. Gibson, chairman; S. H. Goldstein, H. Davidson, T. B. Neason and W. J. Gamble.

The track pool tournament between Oakland and Alameda lodges ended last night with Oakland winning. C. E. Risley, L. Goodwin and J. Mulvaney represented Alameda and W. Dudley, M. H. Lang and C. L. Vioch were the champions for Oakland. Vioch made the phenomenal run of 29, a new record for the Moose Club.

Charges Wife With Embezzling \$1,200

VALLEJO, Aug. 14.—Seeking his wife, who is declared to have decamped with the family funds, placed in her care, Joseph H. Dias, an aged navy yard employe, has sworn to a charge of embezzlement against the woman, who is much younger than he, and the police are now seeking traces of her in Oakland, where she lived before her marriage, according to Dias story his wife took with her about \$1,200 in gold, the savings of a lifetime.

Dias and his bride were married in June and a short time after he placed the family fortune in her hands to administer. Yesterday, on returning from work, he found her missing, and notified the police.

### BREACH WITH CARRANZA WIDENS

Carbajal, in Vera Cruz, Says  
Constitutionalists Will  
Keep Peace.

**BULLETIN.**  
LAREDO, Texas, Aug. 14.—Nuevo Laredo, the Mexican city opposite Brownsville, today received an official telegram from General Carranza entered Mexico City at noon today.

VERA CRUZ, Aug. 14.—The United States battleship New York called today for Lolo Island in the Gulf of Mexico and the battleships Virginia and New Jersey for Yantanour.

VERA CRUZ, Aug. 14.—Senor Carbajal was received at the station here yesterday by a few personal friends and by Brigadier General Funston, accompanied by two staff officers. General Funston offered the retiring president such courtesies as lay in his power.

### FOSTER CHILDREN TAKEN AWAY, SHE ATTEMPTS SUICIDE

That gossiping neighbors are the cause of her trouble is the declaration of Mrs. Vessie Bridges, who took a dose of poison in her home at 549 Fifty-second street last night after Mrs. R. E. Nunn of the Children's Home Finding Society in Berkeley, had taken away from her charge Harold and Wil-

The children were placed in the Bridge home some time ago. For the last month her husband, a traveling salesman, has been in the East.

At the time she took poison Mrs. Bridges' step-father was with her. Officer Gilliam was passing the house and hearing the hysterical cries of a woman investigated. He called an ambulance and took her to the emergency hospital, where she was attended by Dr. G. C. Reine and Dr. E. E. Dowdle. Her condition was not serious and she returned to her home today.

She will make an effort to re-establish her claims to the two children, to whom she says she is very much attached.

Senor Carbajal said his plans were still indefinite, but it is understood he will

### KNOWLAND CARRIES HIS MESSAGE TO THOUSANDS

Need for Merchant Marine Now is Plain, He Says

Congressman Joseph R. Knowland, candidate for the Republican nomination for United States Senator, was in Oakland and San Francisco yesterday, following his trip to Los Angeles.

of the San Joaquin valley and his wife and San Jose yesterday. In speaking of his trip Mr. Knowland said:

"All of the meetings held were well attended, with record-breaking crowd at many points. In Fresno there were 1000 persons in attendance, 500 at Stockton and 1000 at Sacramento. In Napa I had the pleasure of addressing the largest meeting so far held in that city."

"Naturally I was exceedingly well pleased with the reception accorded me on the trip and found that mention of the light against the repeal of the free trade provision, the need of an American merchant marine and the fight for the protection of the citrus fruit and other California industries brought the most response."

#### MERCHANT MARINE.

Congressman Knowland then discussed the American merchant marine problem.

"The war conditions now existing have demonstrated the great necessity of an American merchant marine, bringing it home to us more forcibly than ever before, and that now, had we such a merchant marine, there is a most wonderful opportunity of securing foreign trade."

"In urging the adoption of the free trade provision as part of the Panama Canal Act and later fighting against the repeal of this provision I felt that the provision would most certainly encour-

age American shipbuilding. Another provision in the tariff bill—granting a rebate on goods brought in American ships, I also advocated, feeling that this would further aid in upbuilding up a

#### MEETINGS IN SOUTH.

Congressman Knowland and Mrs. Knowland left last night for Los Angeles. Tonight they will go to San Diego, where Congressman Knowland, at the invitation of the Republicans of San Diego, will speak on Saturday night at a meeting to be held under the auspices of the Republican county central committee of San Diego county. Saturday afternoon Mrs. Knowland will be tendered a reception by the Women's Republican League of San Diego and the members of several sister women's organizations. Mrs. Knowland will address the women on "Official Life in Washington." Knowland will spend the afternoon at the county committee headquarters, where he will meet with several of the city and county leaders in the Republican ranks.

According to word received at the Knowland headquarters yesterday an Old Men's Knowland Club has been organized at Taft for the purpose of boosting Knowland's candidacy in the oil district. E. B. Latham is president; A. Marks, vice-president, and A. B. Abbey, secretary of the club.

### YOUNG LOVERS ELOPE IN FATHER'S AUTOMOBILE

SACRAMENTO, Aug. 14.—Some where between Merced and Sacramento this afternoon two young lovers, elopers, are speeding in an automobile belonging to the late papa of the young woman. The police of Sacramento and way cities have been notified by the father of the girl to be on the lookout for his runaway daughter and her determined lover.

The girl is Miss Clara Tucker, 17 years old, and the man in the case is Jack Davis. They eloped from Merced before daylight today in Father Tucker's machine.

The elopement was staged following the refusal of the girl's parents to consent to her marrying Davis.

### REPUBLICAN WOMEN MOTOR TO MARTINEZ

RICHMOND, Aug. 14.—A large delegation of women representing the Richmond branch of the California Women's Republican Club, were guests of the Martinez women yesterday. The trip to the county seat was made by automobiles, about fifteen machines being donated to the good cause.

The purpose of the visit was to show the women from this end of the county how the admitted members of the district are carried on. They were received by the wives of the county officials and were entertained in the afternoon at the home of Mrs. Simon Blum, where light refreshment was served.

The machines for the journey were donated largely by the political candidates, while interested merchants and business men loaned their cars for the occasion.

As the feminine sailors row, they study the birds. The children of all the grammar schools are attempting to gain knowledge of bird life by means of the rowing expeditions on Lake Merritt.

In the schools throughout the city crews are being regularly organized and the boys and girls are very enthusiastic over the pastime. Dozens of skiffs containing little fairs are to be seen on the lake during the day. This afternoon the Lockwood school crew displayed its skill and the juveniles were in charge of Principal C. H. Greenman.

embark on the steamer Maria Christina, due to sail Monday for Spain.

Discussing recent events in the capital, Senor Carbajal said:

"I am confident there will be no further difficulty. I do not anticipate a continued conflict. I have faith that the Constitutionalists will maintain order."

Senor Carbajal's assurance that the Federal army evacuating Mexico City had no intention of crowding into Vera Cruz and requesting to be interned, brought distinct relief to American army headquarters. The problem of caring for so large an increase in the population of Vera Cruz would have been embarrassing, it is said.

Colonel Distingues and Colonel Guzman, personal representatives of General Villa, who are in Vera Cruz, last night expressed the opinion that no terms other than for the unconditional surrender of the army would be given and that if these were not accepted it would result in a bloodbath.

General Carranza left La Tula, Hidalgo, late yesterday, according to advices received here today by Constitutionalists. Carranza is expected to combine his forces with those of General Villa, who is expected to give General Villa the leadership in case of an open breach with the Carranza forces gained ground here today. Observers predicted that Carranza would not be powerful enough to prevent this separation.

## BASIC LAWS OF SALESMANSHIP CONSIDER PERSONAL EQUATION

Importance of thinking of the type of customer rather than of the strongest selling points. The pictures show a salesperson selling the same article to two distinct types, an article possessing both serviceability and artistic design as two strong selling points. The effective salesperson in showing this article is not asking herself, "What are the strongest selling points?" but thinking about the appearance, speech and actions of the customer and adjusting her selling talk to the occasion. In the first picture her first words are about material (the practical customer); in the second about appearance (the artistic customer).

Selling is psychological. There are three prevalent types of buyers. Observe each individual, classify him mentally and address him accordingly.

### LESSON II.

#### Types of Customers.

(BY GEORGE M. WESSELLS, SALESMANSHIP EXPERT.)

I was in the rug department of a local store. I know nothing of rugs. I sold to the salesman who accosted me:

"I want a good, durable and yet reasonable rug for a living room."

"Mind, I did not simply say, 'I would like to see your rugs.'"

I took the trouble to state that I was interested in durability and price. Not only did what I say show that fact, but also my general appearance, angular features, clear, definite manner, plain dress, showed that I was a practical customer.

Yet this salesman who was bubbling over with enthusiasm about some of the new designs they had in, while conducting me to where the rugs were kept, talked to me continually about the artistic design, harmony of color, etc., of the goods he was about to show me. He was talking about what he was primarily interested in. He had not formed the habit of quickly sizing up his customer when approaching him that is, of noting his appearance, what he says and his actions; and of adjusting his selling talk, and particularly his first words accordingly. If he had talked about the material and the way the rugs were made he would have begun just where my interests were primarily, and thus have been more effective.

#### THREE KINDS OF BUYERS.

While there are many types of people, yet for all practical purposes a salesperson can divide customers into three, realizing, however, that many people cannot be placed in any one of them (we will speak about this further tomorrow). The three we speak about are the practical customer, the artistic customer, and the one who displays considerable feeling, called for want of a better name, the emotional type. The salesperson should always try to classify each customer in this way. And particularly should he use keys; that is, he should have ways of telling them. For practical purposes he should first consider personal appearance, then actions, then speech, adapting his selling talk accordingly.

Consider the practical types as shown above.

First—Appearance: plain dress, often angular features.

Actions: Fasting of material, etc., the definite, positive attitude, the steady gaze.

Speech—Look for any key words that may show that customer is of a practical turn of mind.

The artistic type can be recognized in the same way.

The emotional type, however, is rather a variable one. Examples of this type are found in those people with rounded features, shifting gaze, indirect or undeclared actions. The indirect person, the talkative person, the person who wants to talk about family affairs, these are some of the people whom a salesperson can effectively reach through an appeal to the feelings, their interest in others, etc.

#### VALUE OF METHOD.

Carefully studying each customer in this way and adjusting your selling talk accordingly, guarding against the habit of always emphasizing the strongest selling point, no matter who the customer may be, in this way a salesperson can do much to increase his ability.

It will readily be realized that it is difficult to put some people in any class. Tomorrow's TRIBUNE will show how to handle the customer effectively in spite of this fact.

### SAN LEANDRO NOTES

SAN LEANDRO, Aug. 14.—J. D. Armstrong and wife were entertained in San Leandro by Mr. and Mrs. Ed. Horn.

The district organizer of the Moose lodge has been recruiting members in San Leandro for the Fraternal lodge. A large number signed up.

Mary Carrell, who was injured last week in a fall, is rapidly improving and will be out again this week.

Miss Margaret Patterson has offered her services to the American Red Cross society, to aid in the care of the wounded in the European conflict. She is a graduate nurse, having attended a medical school in England. Miss Patterson served as a nurse in the Red Cross.

Mrs. W. Weeks had a delightful reception at her home in Broadview. Covers were laid for Mrs. Lawrence Marshall, Mrs. W. Weeks, Mrs. George T. Marshall, Mrs. J. L. Marshall, Mrs. Coleman, Miss Adele Mayne, Miss Mary Burroughs and the hostess.

Word has been received from Mr. and Mrs. H. C. Talbot, who have been touring in Europe. The Talbots are at present in Carlsbad, Germany, and have been unable to leave owing to the present crisis in German affairs.

George N. Calfee took part in the Bohemian club jinks at the club's grove near Monte Rio. Calfee is prominent in musical circles around San Leandro.

Members of the faculty in San Leandro have moved to the Lake cottage on Lakeview avenue. Those that are enjoying the cottage are Miss Flora Downer, Miss Elsa Downer, Miss Anita Anderson and Miss Myrtle Lachap.

Louis Abbever has just returned from France, where he has been for the past three months. Abbever left home several days after the war started and was among the first to return to America.

Miss Flora Downer entertained several friends yesterday afternoon. The Young Ladies' Bridge club held forth and an enjoyable afternoon was spent.

## SENATOR GRANT TO FIGHT FOR TOGA

Court Decision Orders Recall Election, Despite Petition Fraud Charge.

SAN FRANCISCO, Aug. 14.—

Through a decision rendered by the Supreme Court of California today State Senator Edwin Grant, author of the redlight abatement bill, will have to fight for his toga. In an important opinion rendered by the tribunal the position is taken that the county clerk or registrar is the final judge of the genuineness of the signatures to a recall petition and that the courts have no jurisdiction in determining that factor.

A recall petition against Grant was started by Andrew Einstadt and presented to Registrar Zausenky. Grant's protest through his counsel, Milton Uren, that many of the signatures were fraudulent resulted in an investigation. Zausenky and Uren the petition had sufficient genuine signatures to justify the fixing of a date for a recall election.

The senator then took the matter to the Supreme Court, asking for a writ of prohibition, restraining Zausenky from holding an election.

In its decision the court says today that it has no jurisdiction in the matter of determining whether or not a sufficient number of legally qualified citizens have signed the petition, that being a matter solely for the determination of the registrar.

Senator Grant, who hails from the Nineteenth district, will therefore have to fight for his post. This will be the first recall election of a senator in California. The date has not been fixed.

### BETTER THAN ALARM CLOCK.

ST. JOSEPH, Mo., Aug. 14.—James A. Newkirk, a painter, was late for work twice in succession. He blamed it on the fact that he did not hear his alarm clock. A customer suggested that a wife probably could succeed in getting him up in time.

"I know the very woman," added the customer.

Newkirk, introduced to the woman, Mrs. Margaret Davis, proposed inside of a week and they were married.

"He will never be late for work again," said the bride.

WOMAN PULLS TEETH  
OF INTRACTABLE HOG

ARGENTA, Me., Aug. 15.—A widow living in East Pittston having purchased a fine pig a few weeks ago and later seeing another fine specimen, decided to have two of her own to occupy the same sty.

The latest purchase was two months younger than the other porker, and when put in the pen seemed to cause the older much annoyance. The latter seemed bent upon the destruction of the latest arrival. Everything available was done, and still the warfare continued.

What should the owner do? Armed with a pair of pliers she proceeded to the sty and extracted the teeth that had lacerated the younger pig so badly. Since then peace reigns and both the pigs are progressing finely.

## HARBORS INSPECTED BY U. S. ENGINEERS

Advantages and Improvements of East Bay Shore Are Studied

ARMY ENGINEERS OF THE UNITED STATES RIVERS AND HARBORS BOARD WHO INSPECTED THE EAST BAY WATERFRONT. THEY ARE: IN THE UPPER ROW, FROM LEFT TO RIGHT, COLONEL FRED. ABBOTT, LIEUTENANT-COLONEL THOMAS H. REES, ENGINEER IN CHARGE OF RIVERS AND HARBORS WORK IN THIS DISTRICT, AND COLONEL W. M. BLACK. BELOW, LEFT TO RIGHT, LIEUTENANT-COLONEL H. C. NEWCOMER, COLONEL L. H. BEACH AND SECRETARY A. H. WEBER.

"Development of the East Bay harbor facilities now in progress is not for the benefit of Oakland, Richmond, Berkeley and Alameda but for the benefit of the entire bay region. It is an integral part of the development of the harbors of the Pacific Coast," declared Lieutenant-Colonel Thomas H. Rees during the tour

of inspection of the United States Army Engineers and local officials and prominent citizens of the east bay waterfront. The tour which started at Richmond, and which included a careful inspection of Oakland's inner harbor and outer harbors, was made on the army engineers' boat Sunday.

"What we have seen today is a revelation," said Colonel W. M. Black. "We had been fully informed regarding the work projected here, but despite the fact that we had gone over the plans in detail, it was impossible for us to appreciate or to imagine the real grandeur of what is going on here, of what has been done and what is planned. The possibilities exceed anything we could have imagined. The enterprise of the citizens is great, but the inspiration of this great harbor is a thing that can be counted upon to urge us all forward to realize its great potentialities in the progress of the Pacific Coast."

## MAYOR MOST SANGUINE.

Mayor Frank K. Mott, who headed the Oakland delegation, declared that the tour's studies will mean much for this city. The army engineers, composing the rivers and harbors board, have under consideration requests for appropriations for work in improving the Pacific Coast harbors running into millions of dollars. Upon their recommendation, in a large measure, depends how and where Federal appropriations will be expended. The fact that they were greatly impressed with Oakland's port bodes well for this community.

"The Pacific ocean is to be the theater of the nations," said Mayor Mott, "as it will be the center of the world's commercial evolution. The harbor of San Francisco bay will need every foot of dockage that is being developed or projected. There is no occasion for jealousy among the communities fronting this superb bay. There is business for us all, and every time any community adds to its facilities, that community benefits not only the immediate locality, but the entire bay region. The east bay region must be developed if San Francisco bay is to take her place as one of the greatest harbors the world has ever known. The promise of the future unfolds itself before us. Let us have the vision to penetrate its meaning, and to prepare our shores to reap the great harvest from the world's shipping that will enter our gates."

Mayor Mott spoke before the members of the harbor board and the delegations from the various cities at the luncheon at Winehaven, where George Wahl acted as toastmaster.

## ABOARD CRAFT.

The harbor board engineers who left San Francisco yesterday morning included Lieut.-Col. T. H. Rees, Col. W. M. Black, Col. F. Abbott, Col. L. H. Beach, Lieut.-Col. H. C. Newcomer, Lieut.-Col. W. L. Winslow, Major C. W. Kutz and A. H. Weber, secretary of the board. Lieut.-Col. Harry Taylor will join the party tomorrow.

Upon arrival at Richmond the Federal engineers were met by a reception committee consisting of Mayor E. J. Garrard of Richmond, Frank K. Mott of Oakland and C. B. Heywood of Berkeley. Supervisor Warren McBryde, Sheriff R. E. Vane, City Attorney D. R. Hall, City Engineer H. D. Chapman, City Clerk A. C. Paris, City Auditor J. M. McVittie, J. F. Galvin, E. J. Hulaniski, J. E. Rose, C. Culley, J. B. Lawrence, L. E. Windrem, M. Emanuel, A. Q. Duggan, A. A. Denison and other citizens.

The engineers disembarked at 12 o'clock at the Santa Fe mole. From that point they were taken to Point Potrero for a view of both the inner and outer harbors, and thence for an auto tour of the city and its industrial plants and the waterfront.

## KEY ROUTE BASIN.

The official inspection of Oakland harbor followed by a visit to Richmond and Berkeley and back at the Key Route pier where the party were met by City Commissioner H. S. Anderson, Jos. E. Caline (managing director of the Oakland Commercial Club), secretary of the Walker of the Merchants' Exchange, Harbor Master W. W. Keith and C. B. Daniels. The party visited the Key Route basin inspecting the rock wall and levees, the local waterfront and estuary channels. The trip concluded with an inspection of San Leandro basin.

The engineers expressed themselves as pleased with the progress already made in the work of harbor improvements and stated that the trip itself had proved of great value in understanding the situation. Last evening A. E. Anderson of the California River and Harbor Commission, an officer of the commission in the Richmond Club. Exclusive of the officers of the commission, those present were Major-General Arthur Murray, Brigadier-General J. P. Wisner, Lieutenant-Colonel T. H. Rees, Majors S. A. Chapman, R. H. Rend, J. L. Knott and S. A. Chapman, Captain A. B. Barber and these civilians, James McNay, W. H. Metson, Rudolph Herald, Jr., T. F. McQuinn, W.

Conlist V. S. McCatchey W. H. Lehy and H. P. Portman.

Today the party of engineers goes to Sacramento to inspect river projects, and tomorrow evening the party will hold a hearing before the Sacramento Chamber of Commerce.

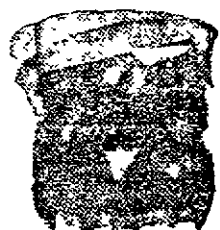

## RICHMOND SHOWS FACILITIES.

RICHMOND, Aug. 14.—Engineers of the Rivers and Harbors board spent several hours today under the trees of Winehaven, following careful study of the harbor and wharfage facilities of the city. That they believed in the future of the city and that they had never seen a town of the size of Richmond make such remarkable strides, was the statement made by every member before they left. The engineers arrived at the Santa Fe wharf promptly at noon and were met

HORSE BY SOMERSAULT  
AVOIDS INJURING BOY

FLINT, Mich., Aug. 14.—After endangering the lives of many persons in the harbor section, a horse belonging to a farmer ended a perilous run with an exceptionally well executed somersault directly over the head of 6-year-old Erub Nash. The horse hit the rear of the buckboard in which the lad was seated and landed on "all fours" in front of the fire. Prior to this the horse had trampled upon and injured Lawrence Bishop, aged 14.

# BONNIE BURR CAPTURED BY MRS. D. P. MACDONALD

## AFFIDAVITS SHOW CONTEST IS FAIR

Woman's Persistence and  
Alertness, Not Luck Nor  
Aid Won.

(Continued From Page 1)

When on closer inspection to be dummy forms.

Fuzzled, but not dismayed, we found our way through a set scene, containing paper mache boats and figures. These were at first dimly discerned in the darkness. Suddenly the lights went on and I

recesses of one of the scenic amusements. We could hear the laughter of merry makers but could not see them, nor they us. It appeared, by aid of the brilliant light we discerned a door across the stretch of scenery. This was not locked. It faced the stage entrance of the theater. Out the door we scrambled and after glancing about hastened to the left, where again a closed door confronted us. This opened on a promenade in front of the theater and took us into the very heart of the life and activity. We felt relieved and glad.

Then began our promenade in search of Bonnie's mother. The park was crowded, however, and we could not find her. There were scores of familiar searchers everywhere, but Bonnie's presence seemed to disarm searchers of suspicion. The crowd was a tremendous one, indeed. Miss Burr wanted to take a "trip to the clouds," but I thought it best not to do so.

After a time my identity was suspected by a young couple, who began following me. I was momentarily expecting them to address me when my capture took place. This was close to the main building, where many searchers had congregated.

### CAPTURED!

Mrs. Macdonald, in company with another young woman, was coming toward us. I noticed at once that they were familiar searchers, but I did not think either would address me. As I was about to pass them, however, Mrs. Macdonald stopped and accosted me with the correct salutation. I glanced at her paper, the latest edition, and said, with a laugh: "Yes, I am."

The girls looked dazed and, at first, incredulous.

"Are you really?" gasped Mrs. Macdonald.

"Yes," I assured her.

"Oh, go on!" she said.

The young couple who had been following me had stopped and the young woman exclaimed to her escort:

"I told you that was her."

"Well, well, you are really Bonnie Burr," exclaimed my captor, joyfully.

Our little group began to be noticed and I decided to go into the main building. My manager cried me. I signaled him and we entered the main building, which in a twinkling became a scene of the wildest confusion.

Manager York of Idora led us up to the offices upstairs and the crowd rushed pell-mell after us and with difficulty shut out. Here were a notary and the star photographer of THE OAKLAND TRIBUNE. After signing affidavits in compliance with the request of THE TRIBUNE, we were photographed by flashlight.

A great multitude had massed themselves in front of the building and "Reds" talked to them from time to time. Finally they demanded to see my captor and I, and we both made an appearance in a window, where all could see us. The crowd clamored for a speech, but I did

## CAPTOR WINS TRIBUNE PRIZE BOTH AT ORPHEUM TONIGHT

BONNIE BURR (SEATED), MRS. D. P. MACDONALD, CAPTOR OF THE ELUSIVE ONE (LEFT), AND BONNIE BURR'S COMPANION.

not feel equal to addressing them and felt I would be unheard by most of them.

### CHARMING WOMAN.

Mrs. Macdonald proved a charming little woman on interview. Her pretty companion, Miss Josephine Halley, was equally nice. Both chatted vivaciously of the chase.

They had been on the grounds, they said, since quarter of seven.

"If it hadn't been for her," said my captor, smiling at Miss Halley, "I wouldn't have won the prize. I wouldn't come out here alone; she made me come, promising to come with me."

"My husband will certainly be surprised," said Mrs. Macdonald.

"Won't he though?" laughed Miss Halley, "after the way he has teased you for being in the search?"

"He has called me 'Bonnie' ever since you've been in Oakland," laughed Mrs. Macdonald.

### HUSBAND PROMINENT.

Mrs. Macdonald has resided for several years in Oakland. Her husband is Deputy Horticultural Inspector of Alameda county. They have two small daughters.

Miss Halley is a neighbor living across the street at 409 Twentieth street. Both have been persistent searchers. Mrs. Macdonald missed only two of all my appointments, one at Lehnhardt's and the

other at Hink's Drygoods Store in Berkeley.

All last evening the girls worked hard, addressing searchers, taking turns in accosting those they suspected.

Mrs. Macdonald was overjoyed at her good luck. Asked what she would do with the money, she laughed and said: "Give some of it to Josephine."

The makeup in which I was apprehended was among the simplest I know how to assume. Although it was a character makeup of a sort that made me appear about 40 or 45, it was what I consider quite diaphanous.

I had on no facial disguise except a sallow color, a few character lines and some shaped wads of absorbent cotton in my mouth to alter my facial contour.

The tight adjustment of my veil held my nose flattened down in aquiline shape and altered the expression of my mouth.

I wore a long, plain tan coat and an old black taffeta hat trimmed with a shaggy brown feather. It was a plain makeup, the veil worn in the evening being the only inconsistency.

### THAT AUTOMOBILE.

Even the children notice its grace, symmetry and beauty. "Oh! Look at the pretty automobile!" is an exclamation from both children and adults, when an Oldsmobile glides softly by.

The general body lines of an Oldsmobile have always been distinctive. There is never any hesitancy in recognizing this car among thousands.

The body designed by the department of the Old Motor Works, has been under the supervision of the same man for a decade, and in that period masterpieces have been built. True, there are many who fancy by their imitation, but the quality at once apparent in an Oldsmobile is the one feature which cannot be made the subject of an imitation. The art of upholstery is as old as the ages. Success lies in the quality and shape of the cushions.

The manufacturers discovered the secret of putting comfort into every vehicle in the early days of the industry.

The balance of the body and chassis is the first step toward easy riding. The use of specially designed Oldsmobile springs equipped with Gabriel snubbers is the final touch. There is nothing quite so restful and satisfying as a ride in an Oldsmobile.—Adv.

## HYDROPLANES TO SWELL U. S. NAVY

Two Will Be of Curtiss Type,  
One a Wright and One a  
Burgess-Dunne.

WASHINGTON, Aug. 14.—Four new hydro-aeroplanes will be added to the Navy Department's squadron within the next month. Two of these are of the Curtiss type, which has been in use for some time and has given general satisfaction. The third is a Wright flying boat, differing from the Curtiss machine in that it is "cabinized" instead of having a long afterbody, and its rudders are on the frame work of the machine instead of being on the tail body.

The fourth machine is of the Burgess-Dunne type, being the invention of a retired British army officer named Dunne. It is modified to some extent by W. Starling Burgess, the American expert. Its special feature is said to be inherent stability. It is claimed that this machine is able to hold its position in the air without the use of gyroscopes or other artificial means. The machine is being purchased mainly for experimental purposes, and it will be used at the Navy's Pensacola aeronautic station.

With the return of the navy's aeroplanes squadron from Vera Cruz, which is left on June 15, the most successful series of flights ever made for scouting purposes has been completed. Several flights were made every day. During the forty-three days' service of the aerial squadron over 250 flights were made without a single accident. The flights varied in duration from fifteen minutes to two hours and the average speed was about sixty miles an hour. The aeroplanes never failed in all this time to respond to a call for a scouting flight.

The number of naval officers detailed for aviation duty is now being increased from ten to twenty by the addition of a new class and within a year it is expected to increase the number to thirty-five. The new men are first given a course of preliminary instruction in the construction of motors and aeroplanes by Burgess, Curtiss and Wright companies. After this they go to the Pensacola station for six weeks for further instruction and then are expected to begin work in the air. They are picked from the graduates of the Naval Academy, from the graduates of the Naval Air School, and from the graduates of the Naval Air School, and from the graduates of the Naval Air School.

## INHUMAN TO LET HUBBY COOK OWN BREAKFAST

ST. PAUL, Aug. 14.—A woman who compels her husband to cook his own breakfast is guilty of cruel and inhuman treatment.

The Supreme Court of Minnesota was of this opinion when it affirmed the verdict of a jury in the Ramsey County District Court, granting a divorce to William C. Hertz from Annie M. Hertz.

At the trial Hertz asserted that for several years he had been compelled to prepare his morning meal without assistance from his wife. He also accused her of nagging, of charging him with guilt about his own breakfast, and of being dissatisfied with her home.

The Supreme Court does not go into the evidence in detail but sustains the jury in granting the divorce.

## Bathe Your Blood Along With Skin

Unsightly Skin Troubles  
Will Soon Disappear

Along with a tub bath use S. S. S. for the blood. It bathes your blood, washes out impurities, gets deposits out of joints and muscles, converts impurities into a substance easily expelled. The skin responds quickly. All sore spots dry, a firm, dry scale or scab forms, new skin grows beneath, the scale falls off and you are rid of eczema, psoriasis, acne, tetter, boils, carbuncles, pimples or any other skin affliction. S. S. S. has a wonderful action in the network of fine blood vessels in the skin and if you would understand this better write to The Swift Specific Co., 112 Swift Bldg., for a valuable book "What the Mirror Tells."

It will tell you how the skin is but a fine network of blood vessels and why S. S. S. has such a wonderful influence. Get a bottle of S. S. S. today of any druggist but do not be talked into a substitute. Beware of them. Around each bottle is an illustrated circular suggesting how you may obtain valuable medical advice absolutely free. ## RICH MAN SEEKS KIN IN HARVEST

Hunts Missing Son-in-Law in  
the Kansas Wheat  
Fields.

KANSAS CITY, Mo., Aug. 14.—A search is being pushed among the army of harvest hands in Kansas, Neb., and Oklahoma for Walter J. Wood, manager of the Bargain Salvage and Lumber Company. He is a son of Fred Wood, formerly of the National Bank of Commerce, and son-in-law of Dr. Eugene King, one of the wealthy financiers of the west.

The last looked like the mythical search for a needle in the haystack when the detective department of Kansas City first decided the missing man must have walked out on some rural road while suffering from a lapse of memory. Wood was last seen Jan. 10. He made his usual daily deposit at the Commercial National bank. At the bank he seemed to be in his usual mind.

The missing houses and the employment office. No one there had seen a man answering the description of Wood. Dr. King was told that a stranger in a small Kansas town at this time would attract no attention and the missing man might be among the army of toilers without having been recognized.

"I could walk out of Kansas City for 500 miles in any direction without a farmer even looking at me," Larry Ghent, chief of detectives, told Dr. King. "The country is full of strangers. No city marshal will question a stranger now."

SENDS CIRCULARS OVER STATE.

Dr. King had thousands of circulars printed. The circulars bore a request that those directed to the postmaster with a request that he place them in a conspicuous place in the home. The circulars bore a picture of Wood. The county sheriff, the county clerk, the secretary of the commercial bank, the little towns and small cities have received copies.

## Cosmetics and Cold Cream Existed Before the Christian Era Says Madame Ise'bell

AN ANCIENT ART.

The name of cold cream in the pharmacopoeia today is that of its inventor, Galen, a Roman physician and writer on medicine that lived in the second century. Pliny, who wrote about the year 70 A. D., speaks of the extravagant use of cosmetics among the Greeks, calling for the cheeks, dye for the hair, and so on. But long before this time, in the height of civilization in Egypt, not only the women, but the men made the most extravagant use of cosmetics of all sorts, including unguents and oil for perfuming and massaging the body.

LIP ROUGE THE FASHION BEFORE THE CHRISTIAN ERA.

In the rude form of art left us from that time we are often introduced into the private life of an Egyptian family. We see the woman of the household sitting before a mirror of polished, burnished metal which is held by a slave while a second kneeling presents a tray full of cosmetic jars and boxes. Mildred is painting her lips with a long stick that looks curiously like the batons of lip

trough that ladies carry today in their vanity bag and apply surreptitiously to their lips. The Egyptian lady also makes up her eyebrows and lashes; judging by the pictures we have of her she makes them up so that the eyes stand out beyond all other features of the face.

ORIGIN OF THE NEW FRENCH COMPLEXION POWDER.

The ancient lady of the Nile believed also in the effectiveness of colored cosmetics for the face, being especially partial to green about the eyes, believing, undoubtedly, that it throws out the color of the dusky orb. In this she is but the prototype of the modern Paris mondaine, who is today using tinted powders on her face and painting her hair any color that she thinks will go well with her costume.

The Egyptian women tattooed birds and reptiles on the arms and forehead; the morning paper brings us an account of a famous beauty parading the streets of New York with a bird of paradise painted on her cheek. We can hardly say "Other times, other manners," when we have such instances as this not only of how close the East is to the West, but how the vanity of woman can bridge over the space of 2000 years and break out in much the same manner.

## MAY HEAD RED CROSS WORKERS

Dr. C. W. Chidester Offered  
Place in European War  
Service.

San Mateo, Aug. 14.—Dr. C. W. Chidester, medical director of the St. Mateo Hospital, has been asked to take charge of the Red Cross relief work in the European war service. The wife, which was received yesterday from Washington, did not indicate to which power Dr. Chidester had been assigned, but stated that he was to have full charge of the work with a corps of surgeons and nurses under him. Dr. Chidester has accepted the assignment on the condition that arrangements can be made for him to sail on a later boat.

Dr. Chidester formerly was an army surgeon and had an important commission during the Spanish-American war. He has been president of the National Association of Surgeons since 1910.

San Jose, Aug. 14.—William Joshua O'Brien, 32, and Winifred Irene Broadhurst, 19, both of San Francisco, were married here at the Trinity Episcopal church this afternoon.

The origin of the wedding was destroyed the residence and wedding and clothes cleaning establishment of Fred Weichner.

## Planning for the Stork's Arrival

Among those things which all women should know of, and many of them do, is a splendid application sold in most drug stores under the name of "Mother's Friend." It is a penetrating liquid and many a mother tells how it so wonderfully aided them through the period of expectancy.

Its chief purpose is to render the tendons, ligaments and muscles so pliant that nature's expansion may be accomplished without the intense strain so often characteristic of the period of expectancy.

At any rate it is reasonable to believe that since "Mother's Friend" has been a companion to motherhood for more than 100 years, it is a safe bet that it could be given the inexperienced mother than to suggest its daily use during expectancy.

Ask at any drug store for "Mother's Friend," a penetrating, external liquid of great help and value. And write to Bradfield Regulator Co., 393 Lamar Bldg., Atlanta, Ga., for their book of useful and timely information to expectant mothers. It contains many suggestions that are of interest to all women.

MRS. WILLIAM REUEL REED, WHO UNTIL HER MARRIAGE WEDNESDAY WAS MISS EYE ANDER.

THE GORGEOUS Chinese ball that Mrs. Belmont gave at Newport for her daughter, the Duchess of Marlborough, was disappointing after all. So few women looked well in the Chinese robes and head-dress, and of course delicate pastels and blondes and Carmen types alike had to wear them. But the dance hall will be different. Newport is absorbed in the flower ball to be given tonight by Mrs. Sturges and Miss.

Everyone is going as a flower, but any flower, so the violet types need not try to be American Beauties, and people who suggest peonies will not appear as peonies. For days after the invitations were sent society, individually, considered its personality and decided on appropriate flowers to represent. One fancies dainty Cecil Brenner roses among the debutantes with magnolias for the dowagers, and so on. It's a fascinating idea, and one follows it back to Burlington or Santa Barbara.

A wonderful garden of flowers could be gathered at a floral ball in California. Mrs. Will Crocker as a stunning American Beauty and Mrs. Carolyn as a scarlet poinsettia with her striking personality.

Mrs. Fred McNear has always been like an orchid, delicately exotic and aristocratic. Artists have said so, and she used to wear orchids a great deal to emphasize the suggestion. Mrs. Walter Martin's old rose coloring is like the flower itself. Miss Gertrude Jolliffe, as a perfect Princess Violet, and Mrs. William Sprague with her beautiful red hair, as a California poppy, are possibilities.

Mrs. William Crocker has one thing of a stunning purple iris, and Mrs. Herbert Hamilton Brown is like a pink rose. The almost ethereal beauty of Miss Ernestine McNear is like St. Joseph lilies, and Miss Esther Sharon might be a delicate gardenia.

There are girls who suggest pale pink sweet peas in gilded hockets and stately types for gladioli. Old-fashioned red geranium matrons, and rather dashing dillies present themselves. But it becomes an endless subject.

MRS. PENNOYER OPENS HOME.

Mrs. A. A. Pennoyer, who returned two weeks ago after a long absence in Europe, has decided to remain in Oakland instead of returning to Paris, where she has been for some time.

She has reopened her home in Piedmont avenue and will entertain there this season for the first time in two or three years. Pennoyer came to America to attend the graduation of her son, Paul, from Harvard, and extended her trip to California with the intention of spending several weeks with friends before returning to Paris. The war situation changed her plans and she will remain in Oakland.

AT DEL MONTE.

Mr. and Mrs. R. Spens Black, who recently returned from Europe where they spent nearly a year in travel, are at Del Monte, where they will remain until the last of September. They are accompanied by Mrs. Black's mother, Mrs. S. B. McKee, and by her brother, Sam McKee, who will spend a fortnight with them.

A number of prominent Oakland people are planning to attend the golf tournament at Del Monte the first and second weeks of September, when the season will be unusually gay. Among those who will go down for the fortnight are Mrs. G. W. McNear Jr., Miss Ernestine McNear, Mr. and Mrs. William Pierce Johnson, Miss Jeanette Johnson and Mr. and Mrs. J. Pym Neville.

LUNCHEON AT COUNTRY CLUB.

Mrs. Arthur Newell Brown has given out invitations for a luncheon to be held at the Claremont Country Club next Thursday in honor of Mrs. Bertrand von Damm of Honolulu, who is spending the summer in California. Among the guests will be Mrs. George Gilman, Mrs. James H. Lewis, Mrs. Lewis Spear, Mrs. H. C. Haight, Mrs. George Brown, Mrs. H. C. Haight, and Miss Leslie Brown.

MISS EDGOTT'S TEA.

Miss Edgott's tea in honor of Miss Barbara Brownell, has been postponed until next Friday afternoon. It was to have taken place today but the bridesmaids for the Brownell-Martin wedding have not yet all been named and it was decided to have the tea for the bride party later.

Miss Edgott and her sister, Mrs. Gertrude Porter Baldwin, are planning a visit to Del Monte for the golf tournament in September. Mrs. Baldwin, who has spent the summer at the hotel, returned about September 15.

IN HONOR OF MISS ALLEN.

Miss Ramona Allen, the fiancée of Joseph Bray, will be guest of honor at a tea to be given on Saturday, August 22, by the La Kona Club. The members are a group of San Francisco girls who were classmates at school a few years ago. The wedding of Miss Allen and Mr. Bray will not take place until the winter, and the date may not be set until after the holidays. Miss Allen is the daughter of Dr. and Mrs. William Allen of Berkeley.

VISITING OAKLAND.

Major and Mrs. Ross L. Bush, U. S. A., are guests of the latter's mother, Mrs. G. L. White, at her home in Highland avenue. They have been spending a two-part of the time at San Francisco and will sail for the Philippines on September 5. As Miss Virginia White, Mrs. Bush was a favorite in Oakland society and there will be a number of affairs in her honor before her departure.

MONTEAGLES AT DEL MONTE.

Mr. and Mrs. Louis F. Montague of Berkeley, with their sons, Paige and Kenneth Montague, motored down to Del Monte this week to spend ten days. Kenneth Montague will return to his studies at Harvard Law School next month, after spending the summer in California. Mrs. Montague recently entertained Bishop and Mrs. William Ford Nichols and several others at dinner at Del Monte.

MRS. CORNELL ENTERTAINS.

Mrs. William Cornell of Santa Clara, who is spending the summer in the McKim cottage in Monterey, has done much to add to the gaiety of the season there. A few evenings ago she gave a dinner at the Poble Beach Lodge, her guests including Mr. Morris Davis, Mrs. Thomas Breese, Miss Edith Patton, Mrs. J. D. Peters, Mrs. Edith Peters and Miss Chandler. There were no men and the dinner was one of several enjoyed by the same set without the presumably essential presence of a man who spent the time between week-ends in the city. Mrs. Cornell, Mrs. Davis and Mrs. McDonald Spencer have given a number of jolly dinner parties without men.

LUNCHEON AT ST. FRANCIS.

Mrs. William Franklin Browne was hostess at an elaborate luncheon at the St. Francis last week, when she entertained four or five guests, including Mrs. formerly Miss Hazel Thomas, is one of the attractive young matrons of society.

WEDDED THIS MORNING.

The wedding of Miss Claire Palfie and Clarence Hodgkins took place this morning at the home of the bride's parents, Mr. and Mrs. Robert Dargatz Jr. Only the members of the two families were present, and there were no attendants. The marriage service was read by Rev. Dr. Jantz of Filaret Congregational Church. The bride wore a traveling gown of blue cloth, with a becoming hat of blue. After the ceremony the young couple departed on a wedding trip, and on their return will occupy an attractive new house that has been built for them in Northbrae.

BRIDE RETURNS FOR VISIT.

Mrs. William Harrison (Margery Gardiner) arrived a few days ago to visit her mother for two or three weeks. Her marriage to Lieutenant William Harrison, U. S. A., was an event of the summer. Since the wedding they have been stationed at Fort Flagler, Washington.

MRS. CLIFT ENTERTAINS.

Mrs. William Clift was hostess at a tea in Santa Barbara on Tuesday afternoon in honor of her daughter, Mrs. Mabel Seales, who is visiting her. Miss Jean Clift assisted in receiving and among the guests were Mrs. W. G. Henshaw, Miss

## WEDDING ANNULLED, KNOT AGAIN TIED

Girl Marries One Week After  
Canceling Early  
Venture.

SAN FRANCISCO, Aug. 14.—Within a week after the annulment of her first marriage, Gertrude Marie Hood, formerly the wife of Kenneth B. Gunn of San Rafael today ventured upon the matrimonial sea for the second time when she married James L. Dunn, a mining engineer of Montreal.

Miss Hood, who is a daughter of Mrs. Laura S. Hood of Santa Rosa, obtained an annulment of her first marriage on the ground that she was under age when it was contracted on September 5, 1913.

Today's wedding was performed at Grace Cathedral at noon. The attendants will be the bride's sisters, Mrs. W. W. McGregor of Santa Rosa, Mrs. J. W. Shire of San Rafael and Mrs. C. A. Butz of Oakland.

Dunn's father is a physician of Montreal. He graduated from McGill University of that city.

MRS. C. C. KNOX, ONCE  
SOCIAL LEADER, DEAD.

SAN FRANCISCO, Aug. 14.—Mrs. C. C. Knox, widow of one of California's early financiers and a social leader for many years in Sacramento and this city, died last night at her home in Pacific avenue.

She was the mother of Mrs. Ella Knox Jennings, William Knox and Newton B. Knox of London.

WOMAN SHOOTER  
SLAYS HER HUSBAND.

BOGOTA, N. J., Aug. 14.—Roderick R. Seaton, a character actor and moving picture star, was shot to death in his home here yesterday by his wife, Virginia Gray, an actress, who once attracted country-wide attention by her ability as a sharpshooter. Jealousy was assigned by the Bergen county authorities as the cause.

MRS. STOCKER WILL NOT  
SAIL THROUGH CANAL.

LOS ANGELES, Aug. 14.—Instructions have been received by the Santa Fe railroad from Mrs. Clara Baldwin Stocker, one of the heirs of "Lucky" Baldwin, now in Key West, Fla., to send her private car, "California," to Kansas City, Mo., at once. The car was started from Arcadia east this morning.

This is taken to mean that Mrs. Stocker will not attempt to travel through her original plan of returning to Los Angeles from her European trip by sailing her private yacht through the Panama canal. The yacht sailed from New York only recently for Panama.

WOMAN CAPTURES SPY  
ON TRAIN; MAN SHOT.

BRUSSELS (Via Paris), Aug. 14.—A woman caught a German spy on the train from Antwerp in the act of releasing carrier pigeons, concealed in a bag. She seized and held him until other passengers came to her assistance. The man was handed over to the military authorities, tried by court martial and shot.

TEN AUTOS DESTROYED  
IN FIERCE GARAGE FIRE

GRIDLEY, August 14.—Ten automobiles were destroyed and a loss estimated at between \$20,000 and \$25,000 resulted at 4:30 o'clock yesterday morning when the City Garage, owned by the Gridley Garage Company, was destroyed by fire.

The loss on the garage is partially covered by insurance.

The fire was discovered by Garrett, Rodwell, who was sleeping in the place. At that time the whole rear end was afire, and he had time only to telephone in a fire alarm before he was driven from the building. In a few minutes flames burst from the building on all sides.

## To Remove Sunburn

## FIRM ANNOUNCES ITS SUSPENSION

Commission Brokers Notify New York Exchange of Voluntary Bankruptcy.

SAN FRANCISCO, Aug. 14.—J. C. Wilson & Co., commission brokers, with membership in the New York Stock Exchange and the San Francisco Stock and Bond Exchange, announced their suspension yesterday. The New York Stock Exchange was notified of the inability of the house to meet its obligations, and, in accordance with customary practice in such instances, it is assumed that a committee will be appointed to liquidate the firm's assets. It was stated yesterday by a member of the executive committee that the firm had no obligations to members of the San Francisco Stock and Bond Exchange.

The suspension of the firm was announced by the firm's legal counsel, J. C. Wilson, head of the firm, today.

The firm of J. C. Wilson & Co. is about to go into voluntary bankruptcy. This step is taken after mature deliberation by the members of the firm and on the advice of the firm's legal counsel and disinterested friends.

"It is due to the firm's clients to state the reasons for this step, as well as the results of it upon their own interests. The suspension is brought about solely by the fact that the firm's business is being liquidated. The business of the firm is dealing in bonds and stocks on order. The firm's clients, as is the universal custom of all brokerage firms, many of the clients buy on margin, their purchases being carried by the firm long as the margin is protected. Because of the war Europe, an immense holder of American securities, proceeded to sell them on the American exchanges in unprecedented quantities. The prices of all American securities steadily broke.

Fearing a panic, the American exchanges, following the New York Stock Exchange, suspended business. The banks to meet the drain of money, naturally restricted their loans and called for payments from their debtors. They so called upon my firm. We met these demands for some time, and were compelled in turn to call upon our margin clients to make additional payments on their accounts. Their answer they could furnish additional security, but could not furnish additional money. The exchanges being closed we could not even sell the securities of such defaulting clients. This left one of two courses was left open first to continue to carry this heavy burden for our clients with the chance that upon the opening of the exchanges the value of the securities would be still low, in which event everything which our clients had as well as our own, which the firm had would be sent away or second, to liquidate now when it is realized that the securities are worth less than the firm had paid for them. Finally it should be borne in mind

## HONOLULU FEELS COAL SHORTAGE

Dependent Upon Shipping for Fuel Supply, Island Feels Growing Scarcity.

HONOLULU, Aug. 14.—One of the results of the European war that is being felt here is a growing shortage of coal. There is a growing shortage of coal in Hawaii is entirely dependent upon shipping for its supply. A shortage of coal for the island is a serious matter for the island's economy. The island's coal supply is entirely dependent upon shipping for its supply. A shortage of coal for the island is a serious matter for the island's economy.

A delightful outdoor meeting has been planned similar to the one recently held in Washington Park. Address: Teachers in the elementary grades of the Sunday school will speak, and the attraction of the program will be the singing of songs.

RESTRICTS GRAIN EXPORTATION Buenos Aires, Aug. 14.—The Argentine government has summoned to congress a bill providing for the restriction of grain exports. The bill is designed to protect the domestic market and to ensure the availability of grain for the population. The bill is expected to be passed in the near future.

## LAYING TRACKS FOR RAIL 'WRECK'

Locomotives to Crash at State Fair, Thousands to See.

SACRAMENTO, Aug. 14.—Work is being pushed on laying the tracks in the

in-field at the State Fair Grounds for the head-on locomotive collision that will be one of the big free attractions of the fair in September. The collision will be similar to the one held last year, which attracted thousands of people anxious to experience the thrill of witnessing a real railroad wreck.

A large crew of men under the direction of H. R. Wright, who had charge of staging the wreck last year, are laying the track, and the locomotives will be on the grounds before many days. The tracks this year is being laid with a heavier roadbed, so that greater speed will be reached when the engines crash. The locomotives will be given exhibition runs over the road every day of the fair until the date of the final crash. The engines which weigh 50,000

apiece are being put in shape for the wreck. One locomotive is of the standard type while the other is a ten-wheeler. The engines were built several years ago by the Baldwin Locomotive Works at Schenectady, N. Y. for the Central Pacific Company and the Pennsylvania system. The lighter engine, the standard type pulled the Congressional Limited for many years between Washington, D. C. and New York City. The heavier one was operated over the mountains.

The engines were sold the Ocean Shore Railroad Company a number of years ago where they were used in construction work. After the construction work was finished the locomotives were used for pulling freight and passenger trains, continuing in service until purchased by the fair committee.

## FIRES RAGING IN NATIONAL FOREST

Flames Get Beyond Control of Fighters in Washington.

SEATTLE, Wash., Aug. 14.—Two forest fires in the Snoqualmie national forest got beyond control yesterday and are sweeping up the Green and the Stillaguamish river valleys. The Stillaguamish fire, starting seven miles from Hazel, is moving through old slashings toward the town of Darrington 89 miles northeast of Seattle, and unless the wind changes or dies down today the town it is said will be in danger. The fire has not yet attacked green timber.

The fire in the Green River Valley is burning near Moxom, eight miles east of Seattle and is only ten miles from the intake of the Tacoma water system. Tacoma officials said today that their water supply would not be endangered even if the wooden buildings along the headwaters were destroyed. Numerous other fires have been reported from all parts of Western Washington, but none of them is serious.

S. G. Smith, supervisor of the Snoqualmie national forest, said today that the forest fire situation has not been as serious since 1910. In the last forty-six days only 61 of an inch of rain has fallen in Seattle, although the precipitation in the mountains has been slightly greater.

## POSTMASTERS MEET IN ANNUAL CONVENTION

MONTEREY, Aug. 14.—The seventh annual convention of the California Postal Postmasters' Association was called to order yesterday afternoon by President C. H. Bartholomew of San Diego at the Hotel Del Monte. There were about thirty-five representatives present from different portions of the state, and fifty or sixty were expected to attend.

The meeting was little more than a get-together affair. Today the postmasters met at 9 o'clock and the two days remaining for the assembly will be taken up with addresses on subjects pertaining to the management of post offices. The yearly conventions are held to facilitate the handling of mails throughout the state and to make the service as efficient as possible. Charles W. Fay of San Francisco will speak Saturday on "Modern Business Methods and the Postal Service."
